CORE VALUES

The Saint Xavier University community commits itself to practicing eight core values as it engages in a search for truth and knowledge, both for personal enhancement and to understand and improve our world.

Respect moves us to understand the gifts and unique contributions of every person in the University community and to value diverse perspectives.

Excellence commits us to challenge ourselves to utilize our God-given gifts: intellectual, social, physical, spiritual and ethical.

Compassion compels us to stand with and embrace others in their suffering that, together, we may experience God's liberating and healing presence.

Service calls us to use our gifts, talents and abilities to advance the genuine well-being of our community and those we encounter.

Hospitality draws us to do our daily work with a spirit of graciousness that welcomes new ideas and people of all backgrounds and beliefs.

Integrity gives us the ability to realize the greater good in our actions and programs, and challenges us to look at our work and ourselves holistically and as one united with others across the globe.

Diversity builds a community that fosters a climate that is open and welcoming to diverse people, ideas, and perspectives; that promotes a constructive discourse on the nature of diversity; and that engages faculty, staff and students in activities that promote the University's core values.

Learning for Life, in the liberal arts tradition, encourages us to pursue knowledge and truth throughout our lives in ways that improve our communities and ourselves and that strengthen our understanding of each other.

VISION OF OUR CATHOLIC AND MERCY IDENTITY

Saint Xavier University, founded and sponsored by the Sisters of Mercy, extends the teaching ministry of Jesus Christ to those seeking higher education. As an officially recognized ministry of the Catholic Church,¹ the University grounds its core activities of teaching, learning, scholarship and service in Catholic theological principles that affirm the goodness and value of all creation and posit a view of human persons as created in the image of God and thus free, rational, relational and endowed with inherent dignity.

As a Catholic university, Saint Xavier University challenges all the members of its community to search for truth, especially religious truth, and to engage in a dialogue between faith and reason that ultimately leads toward the contemplation of God's creation and social action for the common good. This search for truth demands careful observation, critical analysis, vigorous debate, personal and communal theological reflection, and ethical and engaged decision-making leading toward a life that

¹ In its governance, Saint Xavier University is a Catholic and Mercy institution because its sponsors, the Sisters of Mercy, hold certain "reserved powers" consonant with their canonical (Church) and civil responsibilities for the University. These "reserved powers" are outlined in the University's articles and bylaws and, with limited exceptions, are exercised on behalf of the Sisters of Mercy by the Conference for Mercy Higher Education. It is through this governance relationship with the Sisters of Mercy that Saint Xavier University is recognized by the Roman Catholic Church as a Catholic institution and ministry.

respects both the inherent dignity of another and the worth of all creation. Setting the context for the search for truth, the University encourages its community, especially its students, to become familiar with the richness of the Catholic intellectual tradition and the imperatives of Catholic social teaching. Respecting academic freedom, the University strives to be a place where the vigorous discussion of ideas can occur, especially as they relate to its mission as a Catholic university. In the spirit of respectful and critical discourse, the University welcomes the breadth of the Catholic tradition as well as the voices of other religious and non-religious communities.

As a Mercy university, Saint Xavier University challenges its community members to teach, learn, research and act not only for themselves but also for others. Thus, a seminal characteristic of the University is its commitment to service. Ideally, such service, whether direct or through the University's efforts to understand and remediate unjust systems, reflects the spirituality of Catherine McAuley, the founder of the Sisters of Mercy. This spirituality is grounded in the theology of the Incarnation, animated by the life, death and resurrection of Jesus, and expressed through acts of compassion that embody the spiritual and corporal works of mercy. In particular, the University community expresses special concern for those who are economically poor, especially women and children. In so doing, the University goes beyond simply passive expressions of heartfelt concern, and even the willingness to stand with those who suffer. It seeks to right what is wrong and restore what is broken, thereby promoting human dignity, justice and the common good.

Saint Xavier University signifies and celebrates its Catholic and Mercy heritage in its symbolic, sacramental and liturgical expressions, and in its communal and collegial ethos. The University offers many opportunities to reflect, pray, worship and access the sacraments. It symbolizes its rich faith tradition through the appropriate placement of religious symbols and artwork. Further, it observes liturgical seasons and feasts central to its Catholic and Mercy heritage, and provides orientation and mentoring programs that educate the community about this identity.

Recognizing that the search for God and the celebration of God's presence is ubiquitous, the University provides opportunities for those of other faith traditions and those on a personal journey of faith to study, to express, to worship, to celebrate and to discuss their religious beliefs in a climate that is respectful, hospitable and open to all.

To summarize, offering the opportunity for higher education within a Catholic and Mercy context, Saint Xavier University honors Jesus Christ whom it recognizes as "the Way, the Truth, and the Life," the motto of the University inscribed on its coat of arms.

PHILOSOPHY STATEMENT

Saint Xavier University continues to build upon the ideals of its founders and sponsors, the Sisters of Mercy who in 1846, inspired by their Catholic faith and its mandate of union and charity, established an academy defined by intellectual rigor in the tradition of the liberal arts; the encouragement of religious faith; and action in solidarity with the economically poor of the world, especially women and children.

Consistent with this tradition, the University offers challenging undergraduate, graduate and professional programs, characterized by a collegial alliance of faculty, students, staff, administration and community members who are committed to providing coursework, resources, activities and instructional facilities that support excellence in teaching and learning. While chiefly concerned with students' intellectual development, the University also supports their moral and spiritual growth and enhances their capacity for leadership through co-curricular programs.

At the heart of the academic mission is the University's commitment to a strong general education program that introduces students to college life and learning, broadens their knowledge of the arts and sciences, helps them integrate learning and community concerns and prepares them for success in their major fields of study and life after graduation. In all programs of study, the University encourages the examination of fundamental questions of human concern, respectful dialogue in the context of diverse points of view and experience, and the search for truth and justice.

In an atmosphere of intellectual rigor made possible by academic freedom, University faculty develop and teach courses in their areas of advanced study, extend research in their disciplines, produce scholarly and creative work, and serve the University and community. Faculty are also responsible for academic policies and the design and content of the University curriculum. In teaching, scholarship and service, faculty members represent one of the most visible examples of the intellectual life of the University.

Students at Saint Xavier encounter a wide range of coursework, co-curricular activities, community experiences, and support services designed to enhance their learning at all levels, and to help them develop more fully as confident, contributing citizen leaders of an increasingly complex and global community. The University seeks students of diverse talents, experiences, knowledge, interests and cultures who are willing and prepared to learn, and to seek excellence in themselves and others.

Vital to the success of teaching and learning are the dedicated members of variously skilled academic support services and the administrative leadership charged with fostering strategic planning, institutional assessment and effective stewardship and deployment of University resources.

The enduring fellowship of alumni, emeriti faculty, Sisters of Mercy sponsors, trustees and other friends and contributors in the community at large demonstrates their continuing faith in the central mission of Saint Xavier through various acts of giving, prayer and support.

Infusing this community of shared concern are the distinctive qualities and values of Saint Xavier University, including the belief that faith and reason can interact in mutually fruitful ways. Therefore, the University community encourages a full search for truth, including religious truth, while respecting freedom of personal expression. It also promotes a vigorous and compassionate dialogue among the various faith traditions, and between them and the academic disciplines. At their foundation, teaching and learning at Saint Xavier are premised upon and committed to the fundamental dignity and unique worth of each human person.

II. ACADEMIC POLICIES AND PROCEDURES

Academic Honesty

A commitment to academic integrity is at the heart of Saint Xavier's mission as an intellectual community, dedicated, in the words of the University Philosophy Statement, to "the examination of fundamental questions of human concern, respectful dialogue in the context of diverse points of view and experience, as well as the search for truth and justice." For faculty and students alike, the scholarly enterprise requires clear and rigorous argument, acknowledging the sources of our ideas, the quality of the evidence that supports them, and taking responsibility for the errors we have made.

The efforts of students to cultivate these academic skills and intellectual virtues in turn require formative evaluation, accurately and justly assessing student progress. In order to achieve this, instructors must be certain that students' work is their own, and that all records of accomplishment are authentic and reliable. In this context, when students misrepresent their knowledge or abilities, they are more than simply breaking the rules of academic conduct. Such behavior undermines not only the student's own academic progress, but the integrity of academic evaluation itself. For that reason, it may result in failure for the assignment, failure for the course, suspension from the University or permanent dismissal from the University.

The principles of academic integrity should govern all forms of academic work, from the content of papers, projects and presentations to one's conduct before and during examinations. These principles – and thus the very possibility of honest evaluation – can be jeopardized by a number of actions, including but not limited to:

- Cheating** on an examination, including but not limited to using cheat sheets, unauthorized materials, copying from peers or obtaining copies of tests through unauthorized means;
- Unauthorized collaboration** with one's peers on assignments, exams, projects or presentations;
- Plagiarizing**, which may include:
 - A. Copying phrases or sentences word for word from a source without enclosing the copied words in quotation marks and indicating the actual source; or
 - B. Changing the wording of a source slightly, but still incorporating all the ideas of the source without indicating the source; or
 - C. Altering the wording significantly but still incorporating the main ideas from other sources without indicating, through standard forms of documentation, which sources have been used, thereby implying that the ideas are one's own;
- Unacknowledged and unauthorized resubmission** of work completed in other courses;
- Using unauthorized or falsified instruments** of identification with the intent of academic fraud; supplying false academic records (transcripts, grade reports, etc.) to any official of the university; forging, altering, or making unauthorized use of University records or documents;
- Hindering one's peers** by removing, misplacing or defacing library or other instructional materials.

Faculty and administrators who discover such violations should compile evidence sufficient to document the incident and may impose penalties appropriate to their purview. When the offense and proposed penalty entail suspension or dismissal from the University, the violation must be addressed in consultation with the appropriate dean and the provost.

Students who believe they have been wrongly accused and penalized may initiate a Course Grade Grievance, as described in Course Grade Grievance Procedure section of the Student Handbook.

Auditing Classes

Students may audit a class with the instructor's written approval. Please contact the Office of Records and Advising Services to request an Audit Form. The registration for audits may not be processed until after the first

meeting of the class. The charge for auditing is \$125 per course. If students change from credit to audit after the refund deadline, they are responsible for full tuition charges.

Class Absences

The student is directly responsible to instructors for class attendance. There is no cut system; punctual and regular attendance at classes is expected of all students. Excessive absence, even for serious reasons, may disqualify a student from receiving academic credit. (Also see section on withdrawals.)

In the event of foreseeable absence, the student should make suitable arrangements with instructors regarding work. If requested, the Office for Student Affairs, (773) 298-3121, will notify the instructors of illnesses or emergencies. Nevertheless, reported absences do not relieve the student of academic responsibilities. The student should obtain class notes and make up missed assignments.

CLAWS

CLAWS, the Cougar Local Academic Web Site, is available for all admitted students with an active program. CLAWS requires a personal login and password, sent to each student's SXU IEmail account. CLAWS gives the online ability to register, add, drop, make a payment, print an enrollment verification, check grades, review academic history, track financial aid, search for classes and apply for graduation. For those students who are not admitted, "Search for Classes" can be utilized without a password. Simply access the SXU Web site: www.sxu.edu. Click on "CLAWS" at the Quick Links pull-down menu. Click on "Search for Sections." The search can be as broad or as narrow as desired, but you must fill out a minimum of three fields. Click "Submit" at the bottom of the page, and all the offerings in that department for that term will be displayed. For a narrow search, enter times and days, locations or instructors. CLAWS is real-time and gives the most accurate, up-to-date course information.

In order to use CLAWS to register, make schedule changes or check personal academic information, the user must be admitted, have an active program, and have no financial obligation. For the initial registration for a semester or term, all undergraduate students must have the electronic approval of their advisor. The School of Education also requires all graduate students to have electronic approval from their advisor. CLAWS is available from 7 a.m. to midnight seven days per week.

Completion of Academic Work for Degree

Commencement Policy: The University holds a winter and spring commencement ceremony each academic year. Student participation in graduation and related events is encouraged. Students who wish to receive their degree and/or participate in commencement must submit an "Application for Graduation" online through their CLAWS account. Students who do not satisfy their degree requirements in time for their petitioned graduation term cannot participate in that term's ceremony and must renew the online petition process when the graduation requirements are met.

Students who have satisfactorily completed their degree requirements in August and December participate in the winter ceremony. Students who have satisfactorily completed their degree requirements in May participate in the spring ceremony. Students may not postpone their participation in graduation ceremonies to the following ceremony date.

Course Load

Undergraduate students carrying twelve (12) semester hours or more per semester are classified as full-time students.

Graduate students carrying nine (9) credit hours per semester are classified as full-time students. Graduate students in the Communication Science and Disorders and Graduate Nursing programs are considered full time when enrolled in a minimum of six (6) hours.

Courses Taken Off Campus

. Matriculated students must contact the Office of Records and Advising Services to obtain an off campus approval form prior to taking a course at another college or university. At this time a review of eligibility and notification of required signatures will be determined. Additionally, students must present a written rationale including academic circumstances that warrant transfer credit. Once signatures have been obtained, the form is returned to the Office of Records and Advising Services at Saint Xavier University. Courses taken without this prior approval are not transferable.

The following transfer policy should be noted:

1. Courses acceptable for transfer credit must carry a grade of D or better. A grade of C or better is required where grades of C or better are required at Saint Xavier University.

2. Grade points are not transferred. Grade-point average is determined by the coursework taken at Saint Xavier University only.

3. SXU will accept up to 12 semester hours of transfer credit in academic fields not in the University curriculum, e.g., engineering and home economics.

Course Waivers

A student requesting substitution for general University requirements is required to complete a course waiver form in duplicate. Forms may be secured from Records and Advising Services (Room A-203) and must be signed by the provost and the chairperson of the department or the dean of the school concerned. Any waivers for departmental requirements are handled through the chairperson of a student's department major.

Credits and Grades

The amount of work accomplished by a student is expressed in semester hours. One semester hour represents one hour of class or two to four hours of laboratory work a week for a semester. The quality of work is indicated by grade-points. (For further information, see the Saint Xavier University Catalog.)

Dean's List

The University has established the "Dean's List" and "Honorable Mention" categories published at the end of the fall and spring semesters to recognize outstanding academic achievement. To be eligible for either, students will have completed a minimum of 15 semester hours of coursework at Saint Xavier University and maintain a minimum cumulative GPA of 3.75 and will not have received any grade of I, F or D during the most recent semester.

Dean's List students will have been enrolled for a minimum of twelve (12) semester hours during the most recent semester and have received a minimum semester and cumulative GPA of 3.75. The Honorable Mention category has been established to recognize exceptional part-time students. Those students completing at least six (6) semester hours but fewer than twelve (12) semester hours and earning a semester GPA of 3.75 will be so named.

Drop/Add or Change of Class

A student may withdraw from a course without academic penalty until the three-quarter point of the semester or term (dates to be determined and published each semester by Records and Advising Services).

If a student withdraws from a full semester course during the first fourteen (14) calendar days of a semester or term, the course will not be listed on the academic record; otherwise, the course will be listed with a grade of W (withdrawn). This may have implications for repeating the course. Deadlines for refund of tuition, etc., are established by Student Accounts. It is the responsibility of the student to take necessary action to withdraw from a course. Students may withdraw from courses online with CLAWS. Ceasing to attend a course DOES NOT constitute an official withdrawal and may result in a grade of F.

After the first week of the semester, a student must have the instructor's signature to register for a course. After the third week of a semester, a student may not register for any course that has already begun.

Equivalency Testing/Credit for Prior Learning

Saint Xavier University provides various options through which students can demonstrate subject matter mastery of certain courses. If successfully passed or completed, credit toward the degree is awarded. There are various equivalency examinations available: Advanced Placement (AP), the College Level Examination Program (CLEP), Excelsior examinations (formerly ACT-PEP/Regents) and Saint Xavier departmental Challenge Examinations. Credit is also awarded through portfolio assessment (Credit for Prior Learning). Credit earned through any of these options will be entered on a student's record upon completion of 12 semester hours of regular course credit earned at Saint Xavier University.

- Advanced Placement (AP) Tests are offered through the College Entrance Examination Board. The AP examinations are administered in high school. Students must earn an acceptable score to receive college credit. Specific score criteria and equivalency information are available at Records and Advising Services. AP credit is awarded after the student has successfully completed 12 semester hours at Saint Xavier University. Saint Xavier University recognizes College Acceleration Program (CAP) credit providing the student earns a grade of C or better.

- The College Level Examination Program (CLEP) is offered through the College Board and administered by Records and Advising Services. CLEP offers a variety of 90-minute examinations that allow students to demonstrate knowledge in both general and subject areas. It is the policy of the University to grant credit for CLEP examinations, provided that University policies and procedures are complied with and that the scores meet the minimum acceptable scores. Acceptable CLEP credit is reflected on the academic transcript. Students may not use CLEP credit to replace or raise a grade in any course in which the student has been enrolled. Students may not earn CLEP credit for courses below the level in which they have been placed or have completed. CLEP credit transferred from another institution is subject to the minimum standards required by the University. A maximum of 27 semester hours may be earned through CLEP. Students may repeat a CLEP examination six months after the examination last was taken. Students should contact Records and Advising Services for information about credit granted, acceptable score levels, eligibility for specific examinations and test registration.
- Excelsior examinations are published by Excelsior College. Excelsior examinations are available for selected courses. Students may repeat an Excelsior examination 60 days after the first failure and 120 days after each subsequent failure. Students should contact Records and Advising Services for information about credit granted, acceptable score levels, eligibility for specific examinations and information on test registration. Saint Xavier University is not a test site. Candidates generally make an individual appointment for an exam at an Excelsior testing location.
- Portfolio preparation is a process of describing and verifying college-level learning that has taken place outside the classroom structure. This option is available to adult students 23 years of age and older. The portfolio is the formal document through which the petition or college credit is made. Credit through portfolio is available only for established Saint Xavier University courses. Departments and faculty in the respective discipline reserve the right to designate which courses may earn credit through the portfolio process. Students wishing to avail themselves of the portfolio option for one or more courses must take the Portfolio Assessment Seminar (one semester hour). The purpose of this seminar is to assist the student in the preparation of a portfolio for presentation. Students may earn no more than 30 semester hours of undergraduate credit through the portfolio option. Students should contact the School for Continuing and Professional Studies for information regarding policies and procedures.

Grade-Point Average

To figure grade-point average, the following format is used:

(A = 4.0, B = 3.0, C = 2.0, D = 1.0, F = 0)

	<u>Credit Hours</u>	<u>Grade</u>					
Engl.	3	B	3 hrs.	x	3 quality pts.	=	9
Bio.	3	C	3	x	2	=	6
Soc. Sci.	3	A	3	x	4	=	12
Math.	3	A	3	x	4	=	12
Music	3	F	3	x	0	=	0
Phil.	<u>3</u>	D	3	x	1	=	<u>3</u>
	18						42

42/18 = 2.33 Grade-point average

Graduation Honors

To be eligible for University graduation honors, the student must have (a) completed at least fifty (50) graded semester hours at Saint Xavier University, and (b) earned a cumulative* GPA of:

- 3.5 for Cum Laude
- 3.7 for Magna Cum Laude
- 3.9 for Summa Cum Laude

*Cumulative GPA is based entirely on credits earned at Saint Xavier University and is the higher of (a) the GPA for all credits earned at Saint Xavier, or (b) the last 50 hours earned prior to graduation; if the student reaches and exceeds 50 hours in a term, then all courses earned that term are counted in the GPA for the "last 50 hours." The student is not allowed to pick the courses to equal exactly 50 hours. Graduation honors are recognized for undergraduate degrees only.

Incomplete Grades

A student may request an incomplete grade from an instructor if there is a documented, legitimate reason to do so. Both student and instructor must agree on the requirements and time limit for completion of the course.

Requirements are to be completed no later than the 10th week of the following semester (fall or spring). Failure to meet the stated requirements will result in an automatic grade of F. The effect of the final grade is not calculated until the end of the semester in which the incomplete grade is removed from the student's record. If a student carries more than one incomplete grade into the following semester, his/her course load should be reduced. Evaluation of academic standing is made from the grade reports at the end of each grading period and will not be deferred until work is completed on courses in which there was an incomplete. Incompletes will not be granted to students who, at any point in the semester, stop attending class.

Pass/Fail Grading

Students who have established and maintained a 2.0 GPA after completing fifteen (15) credit hours at Saint Xavier University may take their elective credit hours in their program with pass/fail grading. Pass will be a D or above. It is understood that instructors will allow a student to take any course that is an elective in the student's individual program on a pass/fail basis.

Pass/fail grading may not be taken in:

1. any course fulfilling core requirements;
2. any course in the major field; and/or
3. any course specified as required in a major program even though that course is in a department other than the major.

The P grade does not carry any grade-points; therefore, it does not affect the cumulative grade-point average. The F grade does affect the grade-point average.

A student wishing to take courses on a pass/fail basis should acquire a form from Records and Advising Services, secure the signature of the instructor and submit the completed form to no later than Monday of mid-term week.

A student who chooses pass/fail grading may not revert to regular grading after pass/fail has been elected.

Probation and Dismissal

Academic Probation

The academic records of all undergraduate students enrolled are reviewed at the end of each semester and summer term. Any student whose cumulative GPA is less than 2.0 will be placed on academic probation.

The University reserves the right to dismiss any student whose cumulative GPA falls below 2.0. A student on probation must achieve a cumulative GPA of 2.0 within the next twelve (12) hours of coursework taken at this University. If, during the probationary period, the 2.0 cumulative GPA is approached but not reached, a student may be placed on strict probation for one semester. A student who has not reached the 2.0 GPA standard at the end of the strict probation period is subject to the dismissal policies of the University. (See section on academic dismissals.) Any student on probation may be required to carry a reduced course load. Probationary status is removed at the end of any grading period, provided the student has achieved a 2.0 cumulative GPA.

Completion of coursework for which a grade of "Incomplete" has been given will not result in recalculation of cumulative GPA during that term. Any change of academic status will not take place until the end of the semester or summer during which the work has been completed unless the potential GPA is less than 2.0.

Academic Dismissal

Academic dismissal may occur in one of two ways. First, students who have a GPA below 2.0 may be subject to dismissal from the University. These students will be reviewed individually to determine whether they will be dismissed or allowed to continue in the University for another semester on probation under the conditions set by the provost.

Secondly, a student on strict probation who has not attained a 2.0 cumulative GPA at the end of the strict probation period may be subject to dismissal from the University.

A student notified of dismissal for academic reasons may request reinstatement by appealing to the associate provost within the timeline specified in the notice of dismissal.

The appeal, stating the reason for which the student considers review justified, must be submitted in writing to the associate provost who, in consultation with the deans of the appropriate schools, will make the final decision.

Special Note for Nursing Students: The School of Nursing requires that students maintain a cumulative grade-point average of 2.75 to begin nursing courses. Students enrolled in nursing courses must maintain a 2.3 cumulative nursing grade-point average. For more information regarding progress and promotion, refer to the School of Nursing Policies in the School of Nursing Baccalaureate Handbook.

For the effect of incomplete grades on decisions regarding probation and dismissal, see the section on Incompletes.

Amnesty Policy: A student who was placed on probation and left the University or was dismissed from Saint Xavier University five or more years ago may be considered for readmission to Saint Xavier University under the terms of the Amnesty Policy of the University.

To be considered for the Amnesty Policy, a student must fill out a readmission application stating why he/she should be considered for readmission. The student may be interviewed by the school dean/department chairperson (or program director) of his/her intended major. Complete information may be obtained from the Office of Admission. For the purpose of financial aid, including academic scholarships and graduation with honors, grades earned at Saint Xavier University five years or more before returning to the University will not be calculated in the cumulative grade-point average. If you wish to apply the amnesty policy to your academic record, submit a request in writing to Records and Advising Services.

Repeating Courses

When a course is repeated, only the higher grade is computed in the grade-point average. In most cases, credit may be earned only once for a given course; a repeated course will be designated as such on the transcript.

A course in which a grade of D, F or W was earned may be repeated only once.

A student who wishes to appeal this policy should direct a petition in writing to the assistant provost, who will appoint an Appeals Committee for Repeating Courses, consisting of the appropriate academic chairpersons and advisors. The committee's recommendation is forwarded to the provost, who makes the final decision.

SXU Course Grade Grievance Policy

Graduate, Undergraduate, Orland Park and Chicago

An eligible course grade grievance results from an allegation of improper academic evaluation.

Improper academic evaluation includes evidence of instructor error in calculating or reporting a final grade; evidence that the evaluation criteria noted in the syllabus were not followed; evidence that the evaluation criteria noted in the syllabus were not followed consistently when grading students in the same class.

Academic evaluation that is not eligible includes dissatisfaction with the evaluation criteria noted in the syllabus; dissatisfaction with the level of difficulty or work load associated with the course; objections regarding the style or quality of the instructor's teaching.

Step 1: Resolution at the School Level

A student who wishes to question a final course grade is expected to discuss the matter first with the course instructor, within the first 20 business days of the term subsequent to the term in which the disputed course grade was awarded. This discussion can take place in person, in writing or via University e-mail account. It is anticipated that in most cases, this discussion will suffice and the matter will not need to be carried further. Schools and colleges that have departmental chairs (e.g. Arts and Sciences) will require students to meet with the chair of the department prior to Step 2.

Step 2: Mediation

If the student grievance is not resolved through discussion with the instructor, the student may submit a Course Grade Grievance form (hereinafter referred to as the "grievance form"), along with any documents that the student believes support the grievance. The grievance form and supporting documents must be submitted to the dean's office. The grievance should be filed in the school in the office of the dean in which the course is being offered within the first 20 business days after the completion of Step 1.

Note: The Grade Grievance forms will be housed in the dean's office of the School of Nursing, School of Education, College of Arts and Sciences and the Graham School of Management.

Once the grievance form is received by the dean, the formal course grade grievance process begins and the dean sends the paperwork to a mediator, selected by the dean for the case. (A mediator may serve more than once.) The mediator has 15 business days from receipt of the grievance form in which to complete Step 2: Mediation.

If the mediator determines that a student grievance is not eligible to be resolved under this course grade grievance policy, the mediator indicates “ineligible” on the grievance form, completes the rationale section and distributes copies of the form to the student, the faculty member, the faculty member’s immediate administrative superior and the dean.

The student can provide a written appeal of the mediator’s decision to the dean if applicable. The dean will either uphold the mediator’s decision or grant the appeal and begin Step 3: Ad Hoc Committee. The dean will send official notification of the decision to the student, the faculty member, the faculty member’s immediate administrative superior and the mediator.

Eligible Course Grade Grievance

If the student submits a grievance that is eligible to be resolved under this course grade grievance policy, the mediator should inform the student of the course grade grievance process.

The mediator sends a copy of the student’s grievance form and the supporting documents to the faculty member, so that the faculty member can respond to the grievance. The mediator is expected and encouraged to converse with the student, the faculty member and any other individual that might need to be included to help resolve the grievance. The mediator is encouraged to bring those specifically involved in the grievance together when the mediator believes such a meeting will help resolve the issue. The mediator has the latitude to request documentation and set deadlines for receipt of such documentation, as deemed necessary.

If the grievance is resolved, the mediator describes the resolution on the grievance form and distributes copies of the completed form to the student, faculty member, the faculty member’s immediate administrative superior and the dean.

If the grievance is not resolved, the mediator indicates “not resolved: requires an ad hoc committee review” on the grievance form and copies the student, faculty member, the faculty member’s immediate administrative superior and the dean. At that point, the mediator is no longer involved. As a courtesy, the mediator would be notified of the outcome at the conclusion of the process.

Step 3: Ad Hoc Course Grade Grievance Committee

The role of the Ad Hoc Course Grade Grievance Committee is to make a final decision on all course grade grievances that are not successfully resolved at the mediation level. The Ad Hoc Course Grade Grievance Committee will hereinafter be referred to as the ad hoc committee.

Structure of the Ad Hoc Committee

Formation of the Ad Hoc Committee

The dean will form an ad hoc committee (only after step 2 has been completed) within 10 business days of receiving the grievance form. Within these 10 business days, the dean will send the Provost a notice of the committee formation and will send each committee member the following:

- Written notice of the committee formation, date of the formal charge, date by which the committee should have their recommendation formulated, names and contact information of committee members;
- A copy of the grievance file that was established at the mediation level;
- Written description of the ad hoc committee function, timeline and process, as excerpted from the faculty and student handbooks.

Upon confirmation of willingness to serve by the three ad hoc committee members, the dean will formally charge the committee with the task of reviewing the case and coming to a conclusion. The conclusion must be decided within 25 business days of the formal charge of the committee. The dean will inform the student, faculty member and faculty member’s immediate administrative superior in writing about the committee formation and timeline.

The ad hoc committee will consist of three tenured or tenure-track full-time faculty members whose primary responsibility is teaching and who have no conflicts of interest with the case at hand. (At least one member of the committee must be a tenured faculty member.) These full-time faculty members need to be within the discipline of the course grade being grieved, within a closely allied field or within the school in which the grade is being grieved. (In programs where there are few or no full-time, tenure-track or tenured faculty, the dean will select faculty from closely allied fields or from the school in which the grade is being grieved.) One of the three members must be within the

discipline or a closely allied field. The chair of the ad hoc committee must be a tenured faculty member, and will be designated as chair by the dean.

Guidelines for the Ad Hoc Committee

Operation of the Ad Hoc Committee

The ad hoc committee chair will convene the committee as soon as possible after each member receives the charge and grievance file. Committee members will review the file and meet to discuss the merits of the matter. The chair of the committee will notify the dean of students, who will appoint someone with the sole responsibility of keeping minutes of meetings, and such minutes will become part of the grievance file. The committee will deliberate and achieve a simple majority decision as to its recommendation regarding the course grade in question.

The ad hoc committee may or may not permit new information from those specifically involved in the grievance. Those specifically involved in the case may also request permission to submit new information pertinent to the case. The ad hoc committee responds to the party as to whether or not the committee will allow the new information to be sent. If allowed, the ad hoc committee may set deadlines for receipt of new information. All communication between the committee and the parties involved will be in writing.

Decisions of the ad hoc committee are to be determined by simple majority.

Outcome of the Ad Hoc Committee

Ad Hoc Committee Confirms Grade

Within 25 business days of receiving the charge, the chair of the ad hoc committee must submit a letter to the student, faculty member, faculty member's immediate administrative superior and the dean. The letter must include:

- Date of the report;
- Validation of adherence to timeline;
- Facts of the case as considered;
- Rationale for keeping the original grade;
- Names of committee members and each member's original signature on the letter.

If a simple majority of the ad hoc committee has determined that the grade stands, the process ends.

Ad Hoc Committee Requests Grade Change

Within 25 business days of receiving the charge, the chair of the ad hoc committee must submit a letter to the faculty member, faculty member's immediate administrative superior and the dean. The letter must include:

- Date of the report;
- Validation of adherence to timeline;
- Facts of the case as considered;
- Rationale for recommendation for grade change;
- Names of committee members and each member's original signature on letter;
- The recommendation of the committee.

If the faculty member agrees with the recommendation of the ad hoc committee to change the grade, the faculty member will communicate in writing his/her agreement to the ad hoc committee chair, his/her immediate administrative superior and the student within five business days of receipt of the letter. Within these same five days, the faculty member will initiate the grade change following the established procedure. The ad hoc committee chair will contact the dean and the ad hoc committee members regarding the grade change.

If the faculty member does not follow the recommendation to change the grade, the instructor's administrative superior and/or the chair of the ad hoc committee will provide the dean with the rationale to change the grade, and forward all documents in the grievance file to the dean for the dean's review. After reviewing the file, the dean will notify in writing, the student, faculty member, the faculty member's immediate administrative superior, Records and Advising Services, the ad hoc committee members and the provost of his/her final and binding decision and rationale for either changing or not changing the grade.

If the dean decides a grade change is warranted, the dean will be noted as the individual assigning the grade. The dean will follow appropriate internal procedures to change the grade.

Upon conclusion of this process:

- All copies of grievance files should be given to the dean.
- Approved meeting minutes should be included in the file.

Special Extenuating Circumstances

Additional Timeline Guidelines

If at any point during the process the student does not adhere to the established deadlines, the grievance shall be considered denied.

The mediator, dean or chair of the ad hoc committee can request additional time due to unforeseen circumstances (for example: the chair of the ad hoc committee may encounter difficulty coordinating the schedules of the committee members). The necessity for such flexibility is solely intended for the purpose of providing a fair and equitable process. The dean must approve any deviations in timeline and those specifically involved in the grievance must be notified in writing of the timeline adjustment and the rationale.

Deviations from Policy: Special circumstances may require deviations from the provisions and guidelines of the course grade grievance policy. In such cases, the dean should determine adjustments necessary to best ensure a just outcome and one that follows as closely as possible to the spirit of expeditious and thorough implementation of the established policy.

Glossary of Terms

Mediator – A mediator can be an administrator or faculty member designated by the dean of each school or college.

“Business Days” shall refer to Monday through Friday, excluding University holidays.

“Term Subsequent” refers to fall, for spring and summer disputed course grades; and to spring for fall disputed course grades.

Transcripts

A copy of a student’s transcript will be sent upon request of the student only, either in person or in writing. (Pub. Law 93-380.) A fee of \$5 will be charged for each copy of a transcript and will be processed within 3-5 business days. Rush transcripts can be requested for processing within 24 hours, for a fee of \$10. No rush requests will be accepted during the two-week period prior to the beginning of any term or for two weeks following final exams for any term.

Medical/Compassionate Withdrawal Policy

A medical/compassionate withdrawal request may be made in extraordinary cases in which serious illness or injury (medical) or another significant personal situation (compassionate) prevents a student from continuing his or her classes, and incompletes or other arrangements with the instructors are not possible. Usually, consideration is for a complete withdrawal. All requests for withdrawal require thorough and credible documentation.

A student may request and be considered for a medical withdrawal when extraordinary circumstances, such as a serious illness or injury prevent the student from continuing classes. This policy covers both physical and mental health difficulties.

A student may request and be considered for a compassionate withdrawal when extraordinary personal reasons, not related to the student’s personal physical or mental health (for example, care of a seriously ill child or spouse, or a death in the student’s immediate family), prevent the student from continuing in classes.

The Office for Student Affairs (OSA) determines the appropriateness of the medical or compassionate withdrawal request and whether an administrative hold is indicated. Removal of the hold must be authorized by the OSA designee before the student can register for a future semester or be readmitted to the University.

Student Procedure:

1. Provide appropriate documentation.
 - a. For a medical withdrawal, provide a letter from your attending health care provider that specifies the date of onset of illness, the dates you were under professional care, the general nature of your medical condition and why/how it prevented you from completing your coursework, the date of your anticipated return to school, and the last date you were able to attend class. Application for less than a complete withdrawal must be especially well documented to justify the selective nature of a medical/compassionate withdrawal request. The letter must be typed on the health care provider's letterhead stationery and submitted in a sealed envelope.
 - b. For a compassionate withdrawal, provide the documentation that is appropriate to your circumstances. The OSA can provide advice in this area.
2. Obtain and complete a Request for Documented Medical/Compassionate Withdrawal form from the OSA, specifying the class (es) from which you wish to be withdrawn.
3. Type a personal letter of explanation (typically two paragraphs in length).
4. Submit these materials to the OSA who will determine whether a medical/compassionate withdrawal may be granted.
5. If the medical/compassionate withdrawal is approved, the Request for Documented Medical/Compassionate Withdrawal form will be signed, indicating approval, and the OSA will forward copies with documentation to the appropriate offices. The OSA will also determine whether you will be placed on administrative hold. *Note:* the appropriate refund, if any, will be processed automatically.
6. If your request is denied, you will be so informed by the OSA. It is suggested that you consult with your academic advisor and financial aid counselor to determine your options.

Mandatory Medical/Psychological Withdrawal

When, in the judgment of the University, an individual's behavior is disruptive to the educational and living environment which the University seeks to maintain, that student may be required to undergo psychological/psychiatric evaluation or a hearing for mandatory medical withdrawal from the University.

A mandatory medical withdrawal may be required for mental and/or physical conditions that interfere with a student's ability to participate in campus life, in situations where there is reason to believe that a student is a substantial threat to him/herself or the University community, or potential interruption to the educational process of the institution. The Office for Student Affairs (OSA) may

require immediate suspension and/or withdrawal from the University and/or University housing if there appears to be a substantial imminent threat.

The University may remove a student from University housing or from attending classes or from the campus on a temporary basis pending the outcome of a psychological/psychiatric evaluation and/or hearing for a mandatory medical withdrawal if the student presents a risk to self, others or property.

The OSA may request that the student be professionally evaluated at the student's expense by a physician, psychologist or psychiatrist. A student required to undergo evaluation by a licensed psychologist or psychiatrist will be notified in writing by the OSA either by personal delivery or certified letter. This letter may be a confirmation of a verbal directive previously given to the student by the OSA. A licensed, independent evaluator must conduct the evaluation. The student must inform the OSA, in writing, within 48 hours of receiving the letter of the name and address of the evaluator. The staff member responsible for initiating the evaluation shall submit a written report and recommendation to the OSA summarizing the need for an evaluation and/or mandatory withdrawal and the reasons for the action. The OSA will provide the evaluator with information regarding precipitating events and issues that need to be addressed through the psychological/psychiatric evaluation.

The student must undergo the psychological/psychiatric evaluation as soon as possible, and in no event later than five (5) calendar days from the date of the letter informing the student of the mandatory evaluation. The evaluator must forward to the OSA a completed report which includes a signed University Withdrawal Form, which the student may review with one of the personal counselors from Counseling and Career Services (CCS). If a psychological/psychiatric evaluation is required and the student does not comply within the required time or refuses to comply, the OSA may automatically withdraw the student from the University without a hearing.

If a student is cleared by a medical professional to return to campus, the student must enter into a behavioral agreement as outlined by the OSA. Should a student fail to comply with the terms of a behavioral agreement, the OSA may authorize a mandatory medical withdrawal from the University without a hearing.

A student required to undergo a mandatory withdrawal hearing with the OSA after completing a psychological/psychiatric evaluation will be notified by the OSA of the hearing in writing. The hearing will take place within five (5) calendar days of the date of the letter of notification. The letter will describe the procedure that the University will follow in conducting the hearing.

The hearing is informal and non-disciplinary in nature. If a student fails to attend the hearing for any reason, the hearing will take place in the student's absence.

The student and the staff member responsible for initiating the medical evaluation will have the opportunity to present information to the OSA. The OSA shall convene at the earliest reasonable time for final determination of disposition.

In the event that mandatory withdrawal is ordered, the student may appeal to the vice president for Student Affairs. A request for an appeal must be filed in writing to the vice president for Student Affairs within three (3) calendar days of receipt of notification of mandatory withdrawal. The student must state the basis for the appeal in the appeal letter. If the vice president for Student Affairs or the vice president's designee judges the appeal to have merit, he/she may, at his/her discretion, meet with the student and/or OSA members, as part of the appeal process. The vice president's (or designee's) decision is final.

Reasonable deviations from these procedures will not invalidate a decision or proceeding unless significant prejudice to a student results. At any point in the process, the student may voluntarily withdraw from the University and/or University housing.

Policy:

1. Medical withdrawals shall be for a minimum of one semester and are granted or required by the Office for Student Affairs.
2. Both the health of the student and his or her ability to resume full time academic responsibilities are central to determine whether the student can return from a medical withdrawal. Up-to-date medical documentation must accompany requests to return from a medical withdrawal. Students are expected to actively engage in taking the necessary steps to seek treatment consistent with the mental or physical health condition. In such cases, the follow through on treatment recommendations will be considered.

March 2008

Withdrawal from Courses

A student may withdraw from a course without academic penalty until the $\frac{3}{4}$ point of the semester or term. These dates may be determined by accessing the "Search for Section" drop-down field on CLAWS.

If a student withdraws from a full semester course during the first fourteen (14) calendar days of a semester or term, the course will not be listed on the academic record; otherwise, the course will be listed with a grade of W (withdrawn). This may have implications for repeating the course. Deadlines for refund of tuition, etc., are established by Student Accounts. It is the responsibility of the student to take necessary action to withdraw from a course. Students may withdraw from courses online with CLAWS. Please note: Students may not withdraw from all of their classes on CLAWS. Students withdrawing from all enrolled courses must do so in the Office of Records and Advising Services. Ceasing to attend a course DOES NOT constitute an official withdrawal and may result in a grade of F.

Withdrawal from University

A student who withdraws from all courses, during or at the end of the semester, or plans to take a leave of absence for the following semester, must obtain an officially signed withdrawal slip from the vice president for Student Affairs. The student may do this in writing or in person. The completion of the withdrawal slip entitles the student to references and transcripts. Tuition refunds are determined by the date shown on the withdrawal slip.

III. FINANCIAL POLICIES AND PROCEDURES

Financial Obligation

It is the policy of the University that unpaid bills, financial aid obligations, any department's fees or property loans, and all types of fines will result in the withholding of grades, diplomas and transcripts of credits, and the student will not be permitted to return to the residence hall, to register, or to attend classes the following semester unless these obligations are met.

Payment of Tuition and Fees

Full payment of tuition and fees is to be made upon receipt of the first billing statement each term. Students may pay their bill any time before the semester begins – by mail, online via CLAWS, or in person at the Office of Student Accounts. Students may make a payment with cash, check, money order, Visa, MasterCard, Discover or American Express. There is a \$15 convenience fee charged for payments made online or via telephone.

Any student who is unable to pay the full amount by the due date specified on the statement must make financial arrangements with Student Accounts. The University offers the following payment plan options:

- n -Tuition Management Systems: Students make interest-free payments to an external tuition-payment service. To enroll with TMS, call 1-800-722-4867 or visit www.afford.com/sxu.
- n -Cougar Payment Plan: Allows students to finance their tuition through the University by making four (4) payments each term (3 for summer plans). A 1.5% finance charge (18% APR) is assessed on the entire unpaid balance each month. Failure to make payments to your account when they are due constitutes a default and entitles the University to assess a \$25 late charge and/or begin collection proceedings on your outstanding balance.
- n -Employer Reimbursement Plan: Students must complete the Employer Reimbursement Plan application available at www.sxu.edu/student_accounts and pay 20% of their tuition 10 days prior to the first day of class.

For more information about payment plans – or to enroll – visit the Saint Xavier Web site at www.sxu.edu/student_accounts/. Students who fail to make arrangements are assessed a \$100 late clearance fee.

Graduation Policy

The University encourages students to participate in their graduation ceremony. However, to maintain the quality of education it provides, the University requires that students pay in full all charges relating to tuition, fees and room and board, prior to the graduation date.

The University withholds diplomas and official transcripts until all balances are paid in full. Students with balances owed to the University will be restricted from participating in the graduation ceremony. This restriction will not apply to students with the following payment arrangements because their final payment would be received after the graduation date. These students will be allowed to participate in the graduation ceremony as long as the scheduled final payment will completely cover the unpaid balance:

- -Field-based master's degree students on a Tuition Management Systems (TMS) payment plan
- -Chicago Policy Academy students designated by the Police Academy
- -Students on the Employer Reimbursement Plan

Under special circumstances, the University may allow a student to participate in the graduation ceremony. All special circumstances will be considered by appeal. For consideration, a student will need to submit an appeal to Susan Swisher, assistant vice president for Student Financial Services/director of Financial Aid. If the appeal is approved, the student will be allowed to participate in the graduation ceremony.

Room and Board Refunds

Room and board charges are pro-rated until the drop/add date for the semester. After this time, no refunds will be given. Residents may refer to the housing contract for further information.

Standards of Satisfactory Progress for Financial Aid Recipients

A Saint Xavier University student who is receiving any state, federal or institutional aid must meet the following minimum standards of academic progress in order to maintain eligibility for financial aid. Progress will be evaluated annually, after the end of the spring semester.

- -A student must be enrolled as an admitted student in a program of study for a degree or certificate at Saint Xavier University.
- -A student must be in academic good standing. A 2.00 grade-point average must be maintained.
- -A student must complete at least 66.7% of attempted credit hours each academic year. A letter grade of F will not be counted in the completion rate.
- -A student is expected to complete his or her educational objectives within 150% of the specified number of credit hours for his/her program. The maximum number of undergraduate hours that can be attempted is 180.
- -REPEAT courses are considered in the evaluation of progress.
- -REMEDIAL courses are considered in the calculation of progress.
- -INCOMPLETE courses will not be considered until a final grade is given.

For students not in compliance with the above standards, the following action will be taken:

- -In the first academic year that a student is not in compliance with the above standards, he/she will receive a letter from the Student Financial Services Office as a reminder of the required obligations. A review of the situation with a financial aid counselor will be suggested. Eligibility will be restored if a student is now making satisfactory progress (the completion rate is above 66.7% and/or a 2.00 cumulative grade-point average has been achieved, whichever was deficient).
- -When the student fails to comply with any of the aforementioned standards for a second consecutive academic year, eligibility for all state, federal and institutional aid will be withdrawn unless the Financial Aid Office restores eligibility. Once a student's financial aid eligibility has been withdrawn, notification will be sent to the student stating the reason aid has been withdrawn and the procedure for appealing the decision. Financial aid will not be reinstated unless the student's appeal is granted or the student requests reinstatement after making satisfactory progress.
- -Prior academic progress is taken into consideration for students readmitted to the University. If a student failed to maintain satisfactory academic progress prior to his/her withdrawal, financial aid will not be reinstated at the time of readmission unless the student files an appeal and the appeal is granted.
- -Students who have formally changed majors may be granted additional periods of enrollment.

Appeal Procedure

- -Submit a signed and dated letter of appeal to the Student Financial Services Office indicating the reason(s) why funds should not be suspended.
- -Students may appeal due to mitigating circumstances. Examples include but are not limited to student illness, family illness or death in the family. Documentation verifying the situation may be requested. Situations beyond the student's control may be considered in the appeal process.
- -The Financial Aid Committee may determine that because of mitigating circumstances, a student's appeal may be granted. The student will then be eligible for one additional academic year of financial aid and be considered on probation. Students failing to meet satisfactory progress requirements during this probationary period will have their financial aid permanently suspended.

The standards for satisfactory progress apply to recipients of the following programs:

- -Federal Pell Grant
- -Federal Academic Competitiveness Grant (ACG)
- -National Science and Mathematics Access to Retain Talent (SMART) Grant
- -Federal Supplemental Educational Opportunity Grant (SEOG)
- -Federal Perkins Loan
- -Federal Stafford Loan
- -Federal PLUS Loan

- -Federal Work-Study
- -Illinois Monetary Award Program (MAP) Grant
- -Saint Xavier University Grants and Scholarships
- -Saint Xavier University Athletic Scholarships
- -Saint Xavier University Tuition Waivers

PLEASE NOTE: Saint Xavier University grants and scholarships may have additional or more stringent conditions that must be met for continuation. These conditions are specified in your award letter or contract. Please review them carefully.

Effective July 1, 2005

Tuition Refunds

A student who registers for a class is held financially responsible for FULL TUITION. Students are responsible for the knowledge of the refund dates and for completing an official withdrawal from the class in Records and Registration Services. The schedule for refunds is available in Student Accounts and Records and Registration Services, and also is published in the class schedule each semester.

Nonattendance in a course does not constitute an official withdrawal. Students who fail to attend a class are held responsible both academically and financially for that class. Refunds are given only when students officially withdraw in Records and Registration Services within the refund period.

The following table reflects refund policies based on the start date of the section:

Number of Weeks Class Meets:	100% Refund Within:		
14 weeks or more section start date	14 days of section start date 2 weeks or less	3 to 13 weeks	10 days of During the first day of class

Refunds checks will be issued to enrolled students when excess funds exist in their account after crediting Title IV Federal Financial Aid. The student refund will be directly deposited in the student's bank account. Refund checks will be issued as soon as possible and not after fourteen (14) days from the later of the date of the first day of class, the date the credit balance occurs, or the date the student rescinds authorization. All refunds will be processed through direct deposit after the student puts their banking information on CLAWS. Checks will be issued through the mail.

Return of Title IV Federal Financial Aid

The Student Financial Services Office will calculate the amount of federal financial aid you have earned by a specific formula when you completely withdraw from all your courses. Your official withdrawal date is the earlier of the date you began the withdrawal process or date you provided official notice, which can be given verbally or in writing. If you do not notify Saint Xavier University, your withdrawal date is the midpoint of the semester. The withdrawal date for students who have circumstances beyond their control will be evaluated on a case-by-case basis. At the time of withdrawal, if you received less financial aid than you earned, you will be able to receive additional funds. If you received more financial aid than you earned, the excess funds must be returned.

The amount of financial aid you have earned is determined on a pro-rata basis. For example, if you completed 30 percent of the semester, you earned 30 percent of the financial aid you were originally scheduled to receive. Once you have completed more than 60 percent of the semester, you have earned all your financial aid.

If you receive excess funds that must be returned, the portion that must be returned is the excess equal to the lesser of your institutional charges multiplied by the unearned percentage of your financial aid or the entire amount of the excess financial aid. Federal funds will be returned according to the following schedule: Unsubsidized Stafford Loan, Subsidized Stafford Loan, Perkins Loan, Grad PLUS Loan, PLUS Loan for Parents, Pell Grant, Academic Competitiveness Grant, National SMART Grant, SEOG Grant and other Title IV Grant funds. If Saint Xavier University is not required to return all of the excess financial aid, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50 percent of the grant assistance that you receive.

Any amount that you do have to return is considered a grant overpayment, and you must make arrangements with Saint Xavier University and the U.S. Department of Education to return the funds.

Center for International Education, Rooms ACC-106, 107 in Andrew Conference Center, (773) 298-3780

Saint Xavier University students enjoy many opportunities to become involved in the international community. The CIE office helps students decide which study abroad programs best fit their needs and interests. Students may study abroad through SXU programs or through approved programs of other colleges and universities. Students participating in a study abroad program will earn SXU credits. Most programs involve attending classes for a semester at a university or college overseas, but there are also opportunities for international internships and service learning abroad. Each study abroad program offers different courses of study. Students also can participate in summer and short-term study abroad programs.

Because SXU students are officially registered at their home campus, financial aid is generally applicable, as are most forms of federal aid. Students should consult with the SXU Financial Aid Office for eligibility requirements and procedures. Scholarships also are available for students who wish to study abroad.

In order to study abroad, students must be 18 years of age or older, must have completed at least 24 credits at the college level, must be a full-time matriculated student at SXU, must have a GPA of 2.5 or better, and must take the required number of classes as specified by the study abroad program.

To learn more about study abroad opportunities, visit the CIE Web site at www.sxu.edu/cie or visit the Center for International Education located in the Andrew Conference Center Rooms 106 and 107.

As students travel through their college experience, Counseling and Career Services (CCS) offers an array of learning opportunities and services to guide their success. These include:

Career Counseling/Planning

Counseling and Career Services offers individual and group counseling to help students make informed and intentional career decisions. Through counseling and – in some cases – the use of interest and personality instruments, students learn to conduct a thorough self-assessment, research the world of work and make sound choices about academic majors and occupations. Students who have solid plans for their futures can learn more about their chosen fields by utilizing a variety of materials available in the CCS resource library and on the Web.

Internship Program

The Internship Program is designed to provide you with career-related work experiences that complement your academic studies. The purpose of the work experience is to give direction and enrichment to your education and to enhance your value as an employee upon graduation. Employers and graduate schools tend to look for students with one or more career-related experience.

What is an Internship?

Internships are supervised, career-related, work-learning experiences. They are partnerships between Saint Xavier University and employers to offer part-time pre-professional opportunities to students in all majors. Everyone benefits from this arrangement. Employers hire an individual who has been successful in the classroom. In turn, you will be able to apply the skills, theories and principles learned in the classroom in a real-world work environment.

How Can I Benefit from an Internship?

- -Build a career-related work record
- -Increase your motivation and interest in your academic work
- -Develop your skills and begin a professional network of employer contacts
- -Explore options within your major field of study
- -Improve your self-confidence, independence and maturity
- -Acquire career-related skills and abilities
- -Gain a competitive edge for employment or graduate school admission

Because select internships offer a salary or stipend, an internship can help pay for your college expenses.

Will I Earn Academic Credit?

To take an internship for credit, you must obtain approval and supervision by an SXU faculty member.

Personal Counseling

Counseling and Career Services offers short-term, solution-focused individual and group counseling for a wide variety of personal and interpersonal issues that impact a students' motivation to remain in college or their ability to find employment. The counseling relationship is founded on respect for individuals and belief in their potential for growth. In the counseling process, the student and the professional work collaboratively to set and achieve mutually agreed-upon goals utilizing appropriate referrals to area agencies and providers when indicated.

Placement Services

Job search assistance is provided to students and alumni through the following services:

- -www.Cougarjobs.com; is a one-stop shop for on- and off-campus employment, professional full-time positions, and internships.
- -Job search assistance with résumés, cover letters, interviewing skills and other specific job search concerns
- -Job fair registration and orientation
- -Extensive career resources, including company information
- -Workshops on a variety of topics

The Alumni Career Network

The Alumni Career Network, powered through Cougarjobs.com, provides currently enrolled students with informal, real-world advice that will help them navigate a successful path through Saint Xavier University while they explore academic and career interests. A network of Saint Xavier alumni volunteers serve as informal mentors and advisors. Mentors share perspectives on their own education and career development, offer information about their professional fields and share advice on how to prepare for life after graduation.

The Alumni Career Network keeps alumni active and involved with their alma mater and provides a valuable liaison function between Saint Xavier University and careers. Participating students have the opportunity to meet with their alumni mentor one-on-one, via telephone or e-mail, to gain valuable advice as they explore their personal, academic and career interests and make important decisions about their future.

Special Programs

SXU Job Fair – CCS hosts one annual on-campus job fair. Held in spring semester, this job fair is designed to provide students and alumni of all majors with opportunities to meet employers and discuss job openings.

Off-Campus Job Fairs – Each semester, CCS assists seniors in attending a variety of Illinois job fairs, including CareerFest and TeacherFest, both sponsored by the Illinois Small College Placement Association. Candidates have the opportunity to meet and talk to representatives of many organizations that do not recruit on university campuses. Many students obtain jobs as a result.

Consortium Interviewing – As a member of a statewide consortium of small colleges, CCS provides students with access to interview opportunities. Students are invited to participate in interviews hosted by Saint Xavier University and other member institutions. Students should register with www.cougarjobs.com for more information on these opportunities.

Workshops – Workshops are offered throughout the academic year to help students develop the techniques and skills necessary to implement their job search plans. Topics include reducing test anxiety, overcoming procrastination, stress management, Alcohol 101, Ask A Pro Career Panel Series, suicide awareness, résumé and cover letter writing, interviewing techniques and job fair orientations.

Mental Health Screenings – Students are encouraged to get information and personal feedback from a counselor at designated screening days for topics such as depression, anxiety and alcohol problems. These tools are also available as online assessments.

Graduate and Professional School Information

Students who plan to pursue further study toward graduate and professional degrees are encouraged to make use of CCS resources, and to talk to their departmental chairpersons or Advisors for additional information and guidance.

Applications for the Graduate Record Examination (GRE), Graduate Management Admissions Tests (GMAT), Pharmacy College Admissions Test (PCAT), Medical College Admissions Test (MCAT) and Law School Admissions Test (LSAT) can be obtained from Counseling and Career Services.

Graduate School Fair – Each fall semester, representatives from graduate schools in the Midwest talk with Saint Xavier students about advanced degrees and professional programs.

24-Hour Emergency: Extension 3911

24-Hour Non-Emergency: Extension 3541

Confidential Hotline: Extension 3838

Chief of Police and Director: Paul Kolessar
Captain of Police: Charles Frazzini
Associate Director: Darrell Parks
Assistant Director: Nick Kuhr
Coordinator: Bob Landuyt

Our department is committed to the highest quality of protective services in order to maintain and improve our unique educational environment and quality of life. The goal of the department is to provide professional responses to all safety and service-oriented requests for protective services from the campus community.

The University is patrolled 24 hours a day by officers using vehicles equipped with mobile computers and emergency-response equipment. Our regular patrols are augmented during the academic year by student walk and bicycle patrols, and residence hall desk personnel.

The department is in its fourth year of a multi-year process of transitioning a number of security officer positions to state-certified police officers. At present, the University has six full-time police officers on staff and five part-time police officers assigned to our reserve force. Our department also offers law enforcement internships during the academic year. Under Illinois law, sworn members of a university police department possess the same authority as municipal peace officers and county sheriffs.

The department also assigns officers from our professional security staff, during the midnight shift, from 10:30 p.m. to 7a.m., in all on-campus residence halls. Officers assigned to residence halls are responsible for providing general assistance and access control with the assistance of residence hall directors and resident advisors.

During the day and afternoon shifts, supplemental front desk coverage is provided at Pacelli and Regina residence halls by student workers. Our student desk staff provides general assistance and information to our resident population, as well as alerting our full-time police and security officers to problems, concerns or request for services.

Some of the services provided by Public Safety, free of charge, include vehicle lockout and battery assistance, lost and found, protective escort service, University shuttle, and emergency telephones.

All major parking lots have been equipped with emergency phones that are either yellow or gray in color with a red placard affixed to the outside. Pushing and releasing the emergency button will activate two-way communication with a Public Safety dispatcher and generate an emergency response to that location.

Health Insurance

The University requires that all full-time and part-time undergraduate students enrolled in any University program be covered under a health insurance plan acceptable to the University. Undergraduate students may choose health care insurance through Saint Xavier University or may choose their own. Evidence of non-university health insurance coverage must be provided in the form of a waiver at the start of the fall semester. Short-term or catastrophic coverage is not deemed comparable and is not an acceptable health insurance plan. A student's health insurance coverage may be randomly verified. Failure to maintain health insurance may result in disciplinary action, including suspension from the University.

Information Services, Chicago campus, Warde Academic Center, S-121, (773) 298-3291

Information Services provides support to University students, faculty and staff in their use of modern data-based communication technologies. It maintains systems for academic and administrative use, including a variety of student labs and stations in the SXU Diner and student lounge for accessing electronic mail, the Web and productivity software. The Byrne Memorial Library, SXU Diner, cafes, Warde glass walkway, student lounges, Graham School of Management, Pulaski Center, Schmitt Quad, McCarthy Multi-Purpose Room, Regina Hall and Pacelli Hall also offer wireless access to the Internet. Also see Acceptable Technology Use; CLAWS (Online Registration and Other Services); Electronic Mail; and Software, Internet and Printer Access. Additional information about using the technology resources at Saint Xavier can be found under Campus Resources and then Technologies on the University Web pages at www.sxu.edu/resources/technologies.

CLAWS (Online Registration and Other Services) – Students have convenient, secure access to their administrative information through the CLAWS system on the Web at claws.sxu.edu. The Cougar Local Academic Web Site, CLAWS, offers the most up-to-date course information directly from the University databases. It allows any admitted student with an active program, and without an outstanding balance, to search for classes, register, make schedule changes, make payments, check financial aid and account status, and check academic history and grades, and petition for graduation. The CLAWS site allows you to retrieve information and effect changes over the Internet for which you would otherwise have to come to Saint Xavier. CLAWS is available between 7 a.m. and midnight seven days a week on the Internet. Anyone can search for classes using CLAWS. Other features of CLAWS require a login ID and a password, sent to your SXU electronic mailbox at mail.sxu.edu. For the initial registration for a semester or term, all undergraduate students and all School of Education and School of Nursing graduate students must also have the electronic approval of their advisors. Help is available through the general access technology labs and through Information Services in S-121 and at (773) 298-3291. Additional information about CLAWS can be found under Campus Resources and then Technologies on the University Web pages at www.sxu.edu/resources/technologies/online_svcs.asp.

Electronic Mail – Each registered student also receives the use of an SXU electronic mailbox accessible at mail.sxu.edu through your Web browser or e-mail (IMAP client) software. Electronic mail login and password information are sent to all registered students through the U.S. Postal Service. Students are encouraged to use this resource because the University communicates important information to students through this channel. For instance, login and password information for CLAWS are sent to your SXU electronic mailbox. If you did not receive this information, or if you have questions about accessing your electronic mailbox, please stop by Information Services. Help is available through the general access technology labs and through Information Services in S-121 and at (773) 298-3291. Additional information about CLAWS can be found under Campus Resources and then Technologies on the University Web pages at www.sxu.edu/resources/technologies/online_svcs.asp.

Software, Internet and Printer Access (Information Technology Labs) – Windows and MacOS workstations, networked printers and Internet access are available in the information technology labs. Students use an SXU domain username and password to access lab workstations, software applications, the Internet and the printers. Students also have campus and remote access to centralized file storage (under My Documents on workstations in the lab). Printing documents in the labs also requires an SXU identification card (Cougar Card) and sufficient funds in the student's printing account. There are 13 student labs on the Chicago campus (some of which are dedicated to classroom instruction) and four labs at the Orland Park campus (some of which are dedicated to classroom instruction). Special-purpose labs (which are generally restricted to use by students in the respective disciplines) include the Nursing Resource Center (E-105), the Art and Design Lab (L-114), the Math and Computer Science Labs (S-102 and S-104), the Music Lab (G-102) and the Learning Center (L-109B). The Learning Center also offers tutoring to students using computer-assisted instruction. Help is available in the general access technology labs and through Information Services in S-121 and at (773) 298-3291. Additional information about the information technology labs can be found at www.sxu.edu/info_svcs/labs.asp.

Trained Learning Center tutors then facilitate supplemental review and study sessions of basic reading, writing and math concepts.

The mock test program is offered three times yearly. The mock test program is free of charge to current Saint Xavier students, alumni and faculty/staff. For more information or to register for the mock test program, contact the Learning Center at (773) 298-3956.

The Learning Center works closely with students and faculty to provide services and academic assistance to students with disabilities who may be eligible for such reasonable accommodations as extended testing time, distraction-reduced testing and the use of a note taker.

Students seeking academic accommodations should request the appropriate verification forms from the Learning Center, and then should forward the completed forms, along with a copy of their most recent medical report and/or evaluation documenting the existence of a specific disability, to the Learning Center and Disability Services. For more information, contact the coordinator of disability services at (773) 298-3763.

Procedures for Responding to Sexual Assault

Saint Xavier encourages the reporting of all incidents of sexual assault. The privacy of the victim will be respected at all times. It is the victim's decision whether to press a complaint or to continue with any form of resolution. It is the right of the victim not to report, but if she/he does report, no action will be taken without the victim's consent.

A student who has been a victim of a sexual assault is encouraged to report the incident to the Office for Student Affairs. A staff member will advise the student of her/his rights and the appropriate procedures for filing a complaint. Information will be given to the student regarding the reporting procedures of the Public Safety Department and the Chicago Police Department. If a victim requests a change in academic or living arrangements, options will be discussed and all reasonable efforts will be made to accommodate the request.

The student will be informed of the various support services available through the University, including counseling and medical assistance.

The student may choose an informal resolution process or may decide to file a formal charge through the University conduct system. If an individual student decides to file a formal charge, an incident report should be completed and submitted to the Office for Student Affairs. The University will pursue strong disciplinary action against students found in violation of the sexual assault policy, including suspension or expulsion from the University.

A victim of sexual assault has legal recourse outside the University. Certain sexual conduct has serious legal consequences. If a civil or criminal suit is filed, the University reserves the right to conduct its own investigation and proceedings regardless of the status or resolution of any civil or criminal litigation.

Support Services

The University provides support services for persons who have been victims of sexual assault. Staff will serve in an advocacy role and help refer individuals for appropriate medical, police, judicial and counseling assistance. Support is also available to students who do not wish to pursue formal procedures through the Office for Student Affairs. Assistance will be provided in changing academic schedules and living arrangements upon request and as available.

The following campus support services are notified so they can be available to assist the victim:

- -Public Safety
- -Student Affairs
- -Counseling Center
- -Residence Life
- -Campus Ministry
- -Health Center

Medical Attention – It is important to receive medical attention, whether or not you plan to report the crime to police. All services for sexual assault victims are provided free of cost in the State of Illinois. These services include options for an examination, collection of evidence, test for STDs and needed medical care. Any and all of these services may be accepted or refused by the victim.

A victim may choose to have a medical examination at the Health Center if a police report is not filed. This exam would not collect evidence, but would examine the victim for any health risks or injuries that may have been encountered during the sexual assault.

V. STUDENT CLUBS/ORGANIZATIONS

Student Organizations

There are over 30 student organizations registered by the Department of Campus Life. All organizations are assigned a category upon registration: academic; honorary; cultural/ethnic; government/programming; student media; service; faith/spiritual; political/social-issue; club sports; hobby/special-interest; or ad-hoc/temporary. A current roster of active organizations and directory contact information for members is available from Campus Life. Campus Life can also provide information on Student Organization policies and procedures.

All organizations are registered through a process (outlined below) which takes place when the organization is founded. Organizations must update each semester with the Department of Campus Life thereafter:

- A. **Application.** Complete the Student Organization Registration Application and include descriptions of the organization, its mission, and directory/contact information for officers, members and advisor. A constitution, which describes the organization's structure and governance, officers, meetings and other rules and regulations of operation, is required; changes in the constitution should be reported to Campus Life.
- B. **Notification.** After meeting with a Campus Life staff member, the organization's main contact person will receive a letter, which describes the organization's status ("fully registered," "emerging," etc.), and/or any further details which should be addressed before the organization begins operating on campus.

Only student organizations which gain full registration through this process are entitled to the following: permission to reserve space and equipment, hold meetings and recruit membership on campus; the use of the University's name in its title, publications or other activities; the ability to request financial support from the Student Activity Fund (SAF); the use of University resources, space (including an official mailbox in the Student Organization Center [SOC]), and supplies; and other privileges as specified by Campus Life.

Student Leadership Eligibility

The Student Leadership Eligibility policy refers to all officer positions outlined in a student organization's constitution and all students employed or appointed to a position by a University department or office. All student leaders must be in good academic standing as well as good disciplinary status with the University, maintain a minimum **2.0 cumulative GPA**, and be enrolled for at least six credit hours each semester during their term. Failure to meet these standards may result in removal of the individual's leadership role. Student academic or disciplinary status may be verified by the director of Campus Life or his or her designee. Periodic review of students in leadership positions may be conducted by the Department of Campus Life. Students who hold a known leadership role who are ineligible will receive written notification from the Department of Campus Life. Students who fail to comply with notification to cease their leadership role in the student organization may be subject to discipline under the Code of Student Conduct. Decisions may be appealed at the discretion of the director of Campus Life. When the student making the appeal is advised by the director, an alternate representative from Student Affairs shall hear the appeal.

Student Organization Handbook

All registered Student Clubs or Organizations should obtain a copy of the Student Organization Handbook (available in the Department of Campus Life, L-103). The handbook contains information on the following topics:

- Conduct and Discipline
- Semester Budgets and the Funding Process
- Revenue and Fundraising
- Payments and Reimbursements
- Event-Planning Protocol
- Space Reservations and Facility Use
- Contracts
- Catering / Food Service / Chartwells
- Postage, Photocopying & Office Supplies
- Council of Student Organizations (COSO)

Council of Student Organizations meetings are coordinated by the Department of Campus Life in conjunction with SXU's Student Government Association and are held once per month. The purpose of the meetings is to share information and ideas about programs or policies that affect student organization life on campus, allow for reports on happenings in each organization, and for organizations to voice questions and concerns (a more specific focus may be determined, if necessary).

Each student organization is required to send one representative to each COSO meeting, and each organization is allowed one vote when voting is necessary. Failure to send a representative may cause the organization to lose its SAF funding privileges and/or its status as an active, registered organization for that semester. Failure to attend more than once COSO meeting per semester will be documented in the student organization's file and may result in the organization's budget being frozen.

Student Organization Center (SOC)

The Student Organization Center (SOC) is home to the Student Government Association (SGA) office, the Student Activities Board (SAB) office, supply storage, project workspace and the official campus mailboxes of registered student organizations. It is located in the lower level of the Warde Academic Center (L-101), adjacent to the Campus Life office and the Student Lounge, and is accessible from the student activities hallway between the SXU Diner and the S-wing.

Student organizations may reserve the Campus Life conference room for meetings or other functions. Reservations may be made in the Campus Life office (L-103) prior to the date of use.

Community Service Opportunities

"Service to others" is a unique hallmark of a Saint Xavier education. In recognition of this, and to continue the traditions of service and hospitality of the Sisters of Mercy, all registered student organizations are expected to make community service part of each semester's schedule of programs and activities. Student organization service opportunities will be open to and advertised among the entire student body, and Campus Life or Campus Ministry may be consulted to help identify, plan and implement each opportunity.

Student Activity Fund (SAF)

Each student at Saint Xavier University pays a Student Activity Fee each semester. These fees contribute to the Student Activity Fund (SAF), which financially supports the campus programs and activities sponsored by various student organizations and the Division of Student Affairs. The purpose of the Student Activity Fund is to provide co-curricular learning opportunities for all students at Saint Xavier University in an active and vibrant campus community. Because all students contribute to the SAF, all events and activities sponsored or made possible by it must be open and available to all students. Student organizations wishing to apply for funds from the SAF must apply in the regular funding cycle coordinated by the Department of Campus Life and the Student Government Association SAF Allocation Committee. Funds for the fall semester are requested near the end of the previous spring semester. Funds for the spring semester are requested near the end of the previous fall semester. Requests for funds outside of the regular funding cycle process may be considered by Campus Life. Past allocation decisions do not guarantee future funding allocations. The Department of Campus Life reserves the right to determine appropriate fund utilization. The SAF Allocation Committee will not consider requests for student travel and/or conferences. Requests for travel/conference funds must be made directly to the Department of Campus Life. As student activity fees are collected each semester, student organizations are expected to use allocated funds in that semester. Funds may not carry over to the next semester. Student organizations may not keep funds in off-campus bank accounts. All allocated funds and monies obtained through fund-raising are managed at the discretion of the Department of Campus Life in the organization's on-campus budget. All purchases, expenditures, purchase orders, check requisitions and petty cash advances or reimbursements, in any amount, must be approved in advance by Campus Life.

Student Organization Event Protocol

The following regulations apply to student organization events:

- Events that have not been properly approved by the Department of Campus Life are subject to cancellation. Event approval requires a two-week advance notice via submission of an Event Permit form and any other request materials.
- At events where non-SXU guests are invited, all guests must have a college ID. IDs are to be checked by members of the sponsoring organization. The organization and the host students are responsible for the behaviors of their guests. The organization may request assistance from Public Safety.

- One guest is allowed per SXU student. Students are responsible for the actions of their guests.
- Catering for events must be provided by Chartwells Food Service.
- Public Safety may be required to attend events at the discretion of the Department of Campus Life. The sponsoring organization will be responsible for the costs incurred in utilizing Public Safety.
- No events may be hosted in University housing facilities, including residence hall lounges, the Loftus Conference Room, the McCarthy Multipurpose Room or Figaro's without the written permission of the director of Campus Life and the director of Residence Life.

Guest Speakers

Speakers and artists are welcomed at Saint Xavier University. The University recognizes its role as an educational stimulus and welcomes the opportunity to raise questions within the forum of the University community. While at times the issues raised may be controversial in nature, the University has continually stressed the validity and value of the inquiry process as well as the role it has in guaranteeing freedom of artistic expression.

The University acknowledges its responsibilities to ensure as much as possible the respect for persons invited to campus for the purposes of learning, leisure and/or worship. Groups or persons not invited by the University, but who use the University for various specified purposes agreed upon by means of a contract or lease of University space, should be assured a similar degree of respect.

The following guidelines ensure that proper respect is afforded guests of the University or a sponsoring group within the University:

- Guest speakers from off campus invited by student organizations must be approved by the Director of Campus Life. An Event Permit/Speaker Clearance Form is available in the Department of Campus Life and must be submitted at least two (2) weeks prior to the anticipated date of engagement. Speakers who have not received appropriate approval may be cancelled.
- Individual students wishing to sponsor a speaker or artist must work with an existing student organization or through Auxiliary Services.
- The University seeks to preserve a forum open to all. Freedom of inquiry takes precedence over freedom of public demonstration.
- In order to preserve an orderly atmosphere and avoid possible embarrassment to invited guests, the University may prohibit two speakers representing opposing viewpoints on the same date, unless the events have been appropriately arranged in advance, and unless both speakers have full prior knowledge and acceptance of the circumstances of their invitation.
- There must be adequate and accurate publicity regarding the sponsorship of the event.
- The University neither has, nor desires, authority to prohibit its students from participating as individuals in picket lines or peaceful and lawful demonstrations on behalf of causes they support. Students wishing to demonstrate must complete a Demonstration Form with the Office for Student Affairs and comply with demonstration guidelines.
- The University wishes to make it clear that outsiders who are not members of the University community, and who seek to intervene or agitate on University property, will be treated as trespassers.
- The sponsoring organization must provide for adequate dissemination of the following disclaimer: "Sponsorship of this event by the faculty, staff or student organization should in no way be construed as an endorsement by Saint Xavier University [or the Department of Campus Life of Saint Xavier University]."

PUBLICITY (PRINTED MATERIALS, ELECTRONIC MEDIA, CAMPUS POSTING POLICY) Flyers, Posters and Printed Materials:

Student organizations will be held accountable to adhere to all guidelines as they appear in the "Policies and Procedures Manual, Graphic Standards and Style Guide" published by the Office for University Relations (available at www.sxu.edu/relations/guide.asp). To ensure quality, accuracy and consistency, all University publications, posters, flyers, brochures (any public relations or publicity materials) must be submitted to the Department of Campus Life. Materials intended for a wider audience or to be viewed off campus, must also have the approval of University Relations before printing or copying. Publications for which design and copy are completely prepared will be reviewed and returned to the originator with approval or modifications within three business days.

Assistance in design, writing and/or printing will be provided by University Relations as requested. Time required for this service varies according to the nature of the publication; to ensure sufficient time, the University Relations staff should be consulted early in the event-planning process.

Campus Posting Policy:

The following policy governs posting on campus:

1. Sponsoring student organizations and University departments are encouraged to publicize events with posters and flyers.
2. Signs may be posted only on designated bulletin boards and in the hallway between the Student Lounge and the handicap accessible entrance on the first floor (north side of the S-wing).
3. Only masking tape may be used when posting on hallway walls in this location.
4. Posters and flyers may not be placed on any other walls, doors or glass.
5. Bulletin boards designated for posting are located in the following areas:

7. Individuals and/or student organizations are responsible for any property damage resulting from the posting of signs.
8. All signs posted must be removed in a timely manner when they become outdated.

Additionally, student organizations must follow the policies and procedures below:

Prior to duplicating or posting, all materials must be approved by Campus Life (L-103). Materials that are not approved or properly posted are subject to removal. All materials must indicate the name of the sponsoring registered student organization. Materials will not be approved if they contain:

1. Any reference to illegal substances.
2. Offensive language or images and/or graphic illustrations.
3. Language and/or graphic illustrations that dehumanize individuals based on race, age, color, sex, religion, sexual orientation, national or ethnic origin and/or disability.
4. Any information which would violate local, state or federal law or University policies.

For campus concerts, dances and special events, the promotional material must include the statement "Current Cougar Card Required" or "Current College ID Required." All materials written in a foreign language must include the equivalent English translation.

The University reserves the right to regulate locations on campus where posting or distribution of materials can occur. Materials may not be placed on car windshields without the approval of the dean of students. Distribution by outside groups must be approved in advance by the dean of students.

Individual students or groups that do not comply with the campus posting policy will be subject to disciplinary action which could include the removal of posting privileges and/or other judicial sanctions.

Electronic Media (Web pages, E-Mail, Outdoor Marquee):

Please consult the Department of Campus Life for guidelines on how to create and link an organization Web page to the main University Web site. All organizational Web pages should conform to the standard University layout and design scheme.

If an organization would like to post a message to the University community on Saint Xavier Today, send the text as it should appear in the message to the Department of Campus Life at: campuslife@sxu.edu. E-mails should be sent at least three days prior to intended publication date. To post a message or announcement on the outdoor electronic marquee (located near the Shannon Center entrance to campus), an organization should complete a Marquee Announcement form (available in the Campus Life office), which must then be submitted to University Relations (consult University Relations' "Policies and Procedures Manual, Graphic Standards and Style Guide" for further guidelines). All marquee announcements require the approval of University Relations and the Department of Campus Life.

Political Activity

Saint Xavier University, an institution of higher education with a strong liberal arts tradition, supports open dialogue on political issues. The University reserves the right to support or oppose issues that affect its values, welfare, the University itself, and/or the values and welfare of higher education. The University encourages its faculty, staff, trustees, students and registered campus organizations to actively participate in political activities on an individual basis. The policies of Saint Xavier University do not restrict the rights and privileges of faculty, staff, students and registered

campus organizations to express their opinions freely, and the University is committed to preserving and encouraging a diversity of point-of-view and political opinion.

To preserve the integrity of Saint Xavier University and to protect the neutrality of the University in political contests, the following guidelines shall apply (the provost is responsible for monitoring the guidelines).

Guidelines:

1. In order to preserve its not-for-profit (501c-3) status, the law requires that the University not participate in or intervene in any political campaign on behalf of any candidate for public office;
2. The University shall not endorse any candidate for political office;
3. Faculty, staff and registered campus organizations are encouraged to conduct candidate forums prior to elections. Plans for candidate forums must be approved by the provost prior to the event. The provost's decision to approve a forum shall be guided by the principles of equal opportunity for participation and equal opportunity for presentation of opposing points-of-view;
4. The list of addresses used by the University are considered confidential and shall not be shared with candidates or parties. Individuals may personally deliver campaign literature, but mailroom facilities are not to be used for addressing or distributing political materials;
5. No campaign posters shall be posted in or on any of the Saint Xavier University buildings or on campus grounds prior to or during election times, with the exception of those used for historical displays or education purposes. Information tables shall be available for campaign literature for all candidates; and
6. The University buildings and grounds shall not be rented or used for political fund-raising.
7. University leadership retains the right to determine the appropriateness, time and placement of the above.

Off-Campus Events

Saint Xavier University encourages learning to take place in all aspects of campus life. With respect to student organizations, the University supports co-curricular learning through the sponsorship of events and programs designed to enhance campus life and create a more vibrant campus atmosphere. The Student Activity Fund (SAF) supports events to this end for the benefit of all students.

In order to maintain a fair and equitable opportunity to enjoy events on campus, support for off-campus events held by student organizations will be very limited and requests for sponsorship of off-campus activities will be very critically reviewed. Please see the section about "Student Organization Budgets and Finances" for further information.

Solicitation for the support of scholarships is not allowed without the advance permission of the vice president for Student Affairs and the Office for University Advancement. Any off-campus individuals or groups wishing to solicit on campus must be sponsored by a registered student organization or University department. The associate dean of students reserves the right to cancel solicitation activities if appropriate University policies and procedures are not followed.

Residence halls are restricted areas and may not be used for sale and solicitation of goods and services. Exceptions to this must receive the written approval of the vice president for Student Affairs.

By this statement, the University also wishes to notify students of its commitment to the principle of student rights underlying the legislation and its

intent to comply fully with its provisions. This code of conduct requires that the athlete remain in good standing with the University, the residence hall and the Athletic Department. Saint Xavier University athletes must abide by the policies of their coaches and the Athletic Department. Athletes are also bound by the discretion and policies of all Saint Xavier University administrative units.

Student Ethos Statement

The Division of Student Affairs complements the University's mission by sponsoring programs, services and activities that assist students in developing intellectually, spiritually, socially, physically, psychologically and personally. In partnership with students, faculty and staff, Student Affairs helps to create an educational climate consistent with principles rooted in its Catholic, Mercy tradition.

These principles challenge students to adopt the qualities of Mercy: respect, excellence and integrity. Saint Xavier strives to create an environment that is characterized by excellence, service to others, the integration of classroom and out-of-classroom learning, and the full development of each student. To achieve these ideals, all students are expected to contribute through their words, actions and commitments to the development and sustenance of a community characterized by respect, caring and justice. These characteristics are essential to ensure the rights and privileges of all students and to preserve the integrity of our educational community.

Working together as a community, students, faculty and staff help foster a campus atmosphere that furthers the mission of the University. To maintain a vibrant learning community, students are expected to contribute to this community. This expectation calls for behavior that demonstrates the four principles of the Code of Student Conduct: personal integrity, respect for others, respect for property and respect for authority.

Personal Integrity

Saint Xavier University's educational mission reflects a commitment to the development of the whole student and respect for self. Therefore, it is appropriate for the University to set expectations for personal integrity with the aim of encouraging students to appreciate their own talents, take themselves and their academic pursuits seriously, and engage in self-enhancing behaviors. In addition, students are expected to conduct their lives in accordance with the policies of the University community, and to follow local, state and federal laws. This principle requires students to demonstrate the personal characteristics of honesty and integrity both inside and outside the classroom.

Respect for Others

It is expected that students will be open to diversity and learning, including learning about and respecting persons and cultures different from their own. Saint Xavier expects all members of the University community to act toward one another with sensitivity, consideration, understanding, appreciation, tolerance, civility and an active concern for the welfare of others. The University is particularly concerned that its members show respect for others regardless of race, ethnicity, creed, religion, sex, disability, age, sexual orientation or nationality, and refrain from all forms of harassing or offensive behaviors that demean the inherent dignity of others.

Respect for Property

The responsible use of property involves respect for real estate, buildings and tangible personal or University property. Demonstrating a respect for property fosters a well-maintained environment and a sense of security. This principle requires students to respect both personal and institutional property, both inside and outside the Saint Xavier University community.

Respect for Authority

Authority derives its legitimacy from its commitment to act on behalf of the common good. At Saint Xavier, that authority especially resides in the officers of the University, its faculty, administrators, staff and student employees. Each of these individuals has been charged with

responsibilities essential to the orderly operation of the University. The successful exercise of authority depends in part on the respect it enjoys from the community it serves.

These four principles of the Student Ethos serve as the basis for the Saint Xavier University Code of Student Conduct. They provide a framework for a conduct system that seeks to educate students about their role as responsible members of the University community.

Student Conduct System General Information

Responsibility and Authority

From time to time instances and grievances arise which require members of the University community to evaluate individual or group conduct and to establish and maintain justice within this setting. The president of the University has delegated the immediate responsibility and authority in matters of student conduct to the vice president for Student Affairs, who has assigned the associate dean of students with the responsibility for the student conduct system.

University Student Conduct and Public Law

Students may be accountable to both civil and criminal authorities and to the University for acts that constitute violations of federal, state or municipal law and written University rules, regulations and policies. The University may proceed with disciplinary action whether or not civil or criminal proceedings have been instituted against the student. The University disciplinary proceedings may not be abated or subject to challenge solely on the ground that the criminal charges have been dismissed or reduced.

Confidentiality

The conduct process is confidential. Confidentiality applies to the charged students, the complainants/victims, witnesses, advisors, staff, hearing officers and members of the University Conduct Board. These individuals are expected to keep information regarding the student conduct process confidential. All proceedings are private, and electronic recording (for example, using audio recorders, video recorders, computers and/or personal electronic devices) is not permitted. Stenography machines are also not permitted. Notes may be taken by hand and must be filed with the case reports or destroyed after proceedings. The University reserves the right to share information regarding the case with other appropriate parties on a need-to-know basis.

Retention of Records

Student conduct files are maintained by the Office for Student Affairs for five years from the date of the incident.

Student Responsibility

The University expects students to assume responsibility for their role in the conduct process. Students are expected to appear for hearings. If students fail to appear, the hearing may proceed in their absence. Sanctions may be imposed upon students for refusing to appear or cooperate. Throughout the conduct process, students have the responsibility to present truthful information. Students found to have willfully presented false or misleading information will be subject to sanction. Students are expected to complete the sanctions issued at any level in the conduct process in the specified time frame. Failure to do so may result in further disciplinary action.

Student Organization Responsibility

Student organizations are expected to adhere to all applicable institutional policies. The University reserves the right to determine the appropriate time, place, content and manner for conducting activities, and the posting and distribution of materials on any of its campuses. Consequently, the University may deny or restrict the activities of student organizations. Student organizations are expected to exercise good judgment in planning and promoting their activities. Failure to do so may result in disciplinary action being initiated against the organization; consequently, policies, procedures and sanctions set forth within the Student Handbook apply to student organizations collectively, as well as to individual students. Officers of student organizations are responsible for assuring compliance with regulations and for representing the organization when disciplinary proceedings are initiated.

Notification

Notification of conduct proceedings will be sent to the student's address listed in Records and Advising Services and/or the student's official SXU e-mail account. It is the student's responsibility to provide accurate address information to the University and to update this information when appropriate. In addition to notifying the student, the student's parents or guardians may be notified.

The University also reserves the right to inform parents/guardians of violations of alcohol and drug use policies. (See Parental Notification Policy.)

Student Rights in the Conduct System

Students have the following rights in the conduct system:

- A. -To have prior knowledge of the charges and have the charges explained clearly and fully at every level of the conduct process.
- B. -To be present throughout the hearing, but not during the deliberation process of the hearing officers or the University Conduct Board.
- C. -To hear testimony and/or see all written statements concerning the charges.
- D. -To refute oral and/or written statements made by witnesses.
- E. -To remain silent and not testify against themselves, understanding that if silence is maintained, the case will be determined on the evidence presented.
- F. -To receive written, timely notification of the outcome of the hearing.
- G. -To be treated with respect and dignity throughout the hearing process.
- H. -To be advised of the appropriate appeal process.

Disciplinary Actions

The disciplinary actions that follow are intended to inform students of the possible consequences of violating the Code of Student Conduct. Disciplinary actions are determined based on the seriousness of the incident, the student's level of responsibility and past disciplinary history.

Emergency Administrative Action

The vice president for Student Affairs or her/his designees shall have the authority to immediately suspend a student from the University or University housing, relocate an individual within University housing, and/or restrict activities of the individual on campus, pending disciplinary procedures, when it is believed that the presence of the student would seriously disrupt the University or constitute a danger to the health, safety or welfare of the University, to property, to others, or to the student. The student will be notified in writing of the emergency administrative action. Parents, academic deans, Public Safety, or other personnel may also be notified of the action. A hearing will be scheduled, and the student will receive written notification of the charges. Unless otherwise approved by the vice president for Student Affairs or his/her designee, the emergency administrative action will remain in effect on an interim basis pending completion of the conduct process. Emergency Administrative Action cannot be appealed.

Off-Campus Cases

The University reserves the right to investigate and subsequently take University action for behavior of Saint Xavier students in off-campus situations when such behavior is believed to have an impact on the Saint Xavier community, including alleged instances of harassment or assault of a University person; criminal activity involving a student, whether as an individual student or as a member of a University-registered organization; violations of city ordinances, such as public intoxication, noise and vandalism; and student conduct violations in organized group-living situations. The decision to take action in such cases will be determined by the Office for Student Affairs in consultation with appropriate University officials.

Students in University-sponsored Off-Campus Housing are responsible for the Code of Student Conduct and Renters Agreement as outlined in this handbook.

Sanctions

Imposing sanctions as a disciplinary action is designed to redirect student behavior to an acceptable pattern that benefits the student and the University. The determination of which sanction is applied as a disciplinary action is at the discretion of the hearing officer(s) or the University Conduct Board. Whenever possible, sanctions are designed to be educational in nature.

1. University Warning

-A University Warning is an official warning that the student's behavior is inappropriate and violates the Code of Student Conduct of Saint Xavier University. A copy of the letter of warning is placed in the student's file and serves as notification that further misconduct could result in additional disciplinary action.

2. Educational Activities

-Educational activities are required activities intended to involve the student in a positive learning experience related to the student's unacceptable behavior. Educational activities allow students to reflect upon their inappropriate behavior, to understand why their behavior was inappropriate and to educate other students so they do not find themselves in similar circumstances. This type of disciplinary action may include, but is not limited to, engaging in a campus or community service project, attending or presenting a program related to the implications of the student's conduct, writing a paper, interviewing someone or engaging in some type of personal assessment, mediation or counseling.

-This action would restrict or remove guest and/or visitation privileges in University housing, in campus facilities or on campus grounds for a specified period of time.

5. University Housing Probation

-University Housing Probation is a formal notice that the student's behavior is unacceptable in University housing and that continued misconduct could result in further disciplinary action. University Housing Probation is for a specified period of time, typically not less than one semester. During the probationary period, the student must demonstrate willingness and ability to act in accordance with acceptable standards of community living. The student may be required to resign any residence hall office or committee appointment, and/or may be subject to restricted participation in Residence Life programs.

During this time, the student may not enter any University housing. The student must surrender his/her key and key card access for the time of suspension of residency. Financial credit is not granted during the suspension.

8. Termination of Housing Contract

-Termination of the housing contract will result in the immediate removal of the student from University housing, forfeiture of fees and loss of visitation privileges. In addition, this action could affect a student's future housing contract status with Residence Life. A signed contract for future terms could be rescinded, or a refusal to accept any future housing contract for a designated time period could be imposed.

9. Limitations on University Activities and Access

-Limitations on University activities and/or access are imposed to restrict or suspend a student's use of University facilities and services, participation in University programs, and access to members of the University community when it has been determined to be in the best interest of the student and/or the University. 10. Disciplinary Probation

-Disciplinary Probation is a formal notice, affecting the non-academic status of the student, that the student's behavior is unacceptable. Disciplinary Probation requires that during the probation period the student behaves in a manner that does not violate the University's Code of Student Conduct. Disciplinary Probation lasts for a designated period of time, typically not less than one semester. This action could make the student ineligible to hold office in any organization or represent the University in any official capacity. In some cases, co-curricular activities and/or access to campus grounds and facilities may be restricted. It is further understood that any further violation, even of a minor nature, could warrant immediate suspension or expulsion from the University. Notification of disciplinary probation may include parents, academic deans, Public Safety or other appropriate personnel at the discretion of the Office for Student Affairs or the Conduct Board.

11. -Postponement of Activity Participation and Conferring of Honors and Degrees

-The University reserves the right to delay or postpone the involvement of a student in any University-related activity, or delay or postpone the conferring of any honor or degree, pending the outcome of any of the student conduct procedures or actions.

The student may return to the University only after an affirmative decision has been made by the Office for Student Affairs.

Expulsion involves the following: forfeiture of all rights and degrees not actually conferred at the time of the expulsion; notification of the expulsion provided to the student, the academic deans, and his/her parents or guardian if the student is a dependent; permanent notation of the expulsion on the student's academic and disciplinary records; withdrawal from all courses; and forfeiture of tuition and fees. Any student expelled from the University must refrain from visiting the University premises except when engaged in official business with prior written approval from the Office for Student Affairs.

Student Organization Sanctions

The actions of student organizations are expected to be consistent with the Ethos Statement and the Code of Student Conduct. If a violation occurs, disciplinary action may be taken against the group as a whole, its officers or individual members. Student organization disciplinary sanctions may include, but are not limited to, the following:

- 1) -All sanctions previously described.
- 2) -Written or verbal notification to national organization representatives, officers or advisors.
- 3) -Organizational Probation
 - Probationary status for a specified period of time, typically not less than one semester, during which time the organization may be required to fulfill specific conditions prior to reinstatement to good standing.

4) Social Probation

-Probationary status for not less than one month, during which time the organization is restricted from participating in any combined social function with individuals or other student organizations outside of its own membership.

Probationary status may be assigned for one year following the completion of the suspension period.

6) Termination of the Student Organization

-Termination of a student organization is the most serious University disciplinary action for a student organization. Termination is the total and permanent separation of the group from the University. This includes total prohibition for the organization and its members or supporters to conduct any activity on the campuses of the University or at off-campus University-associated events that can in any way promote the goals, purposes, identity, programs or activities of the organization. Termination involves the loss of all rights and privileges of student organizations, including the use of University facilities and financial resources, recruiting members and promoting the organization.

All decisions about and actions imposed on student organizations or groups will be kept on file by the Office for Student Affairs and in student organization files with the Department of Campus Life for five (5) years. Prior conduct actions will be reviewed if there are subsequent violations by the student organization. Such actions may be taken into account when determining an appropriate disciplinary action.

At times when the University is not in session a case may be handled administratively by the Office for Student Affairs.

Conduct File

A student's conduct file contains all written correspondence, including incident reports, letters of allegation and notification, witness notification, hearing notes and appeal decisions. A copy of a student's conduct file is made available to the student if a request is made in writing to the Office for Student Affairs. The conduct file is confidential and may be reviewed by designated Office for Student Affairs staff.

Hearing officers include staff members in the Office for Student Affairs. Hearing officer(s) conduct a hearing by reviewing the evidence and interviewing the accused student(s) and, if necessary, appropriate witnesses. The hearing officer(s) will deliberate in private and make a decision about the student's involvement in the alleged misconduct and issue appropriate sanctions.

Informal Meeting

Based on the details of a case, the Office for Student Affairs staff may choose to contact the student to discuss the details of incident report(s) to determine if formal proceedings are necessary, or as general follow-up to an incident.

Behavioral Contract

A Behavioral contract is issued by the Office for Student Affairs when a student's behavior poses a significant disruption to the community, threat to self or others and follows a psychiatric evaluation as described in the Medical/Compassionate Withdrawal Policy. A behavioral contract is an agreement by the student to adhere to specified conditions. Failure to comply with the behavioral contract may result in judicial or administrative proceedings.

Student

A student is anyone who has enrolled at the University and/or has commenced classes, including student-at-large status. The term does not include an individual who has applied for admission to, but has not enrolled in classes at the University, nor does it include alumni status.

University Community

University refers to Saint Xavier University, which includes the physical plant, the total education program, students, faculty, employees, officers and trustees.

Hearings

There are three types of hearings, which are described below.

1) Judicial Hearing

An administrative hearing is a formal hearing conducted by one or more hearing officer(s). The disciplinary actions that can be taken at the administrative hearing level, with the exception of the vice president for Student Affairs, are sanctions 1-11.

2) University Conduct Board Hearing

Incidents that could result in suspension or expulsion from the University or may be of a controversial or sensitive nature are referred to the University Conduct Board by the Office for Student Affairs. When the University Conduct Board is not in session (semester breaks, exam periods or summer recess), cases may be heard as administrative hearings. In these instances, the hearing officer(s) have the authority to impose the full range of sanctions available to the University Conduct Board, sanctions 1-13.

The University Conduct Board is comprised of a chair, an alternate chair and a minimum of four (4) representatives from the faculty, staff and student body. The Office for Student Affairs will make every effort to exhaust the list of appointed University Conduct Board members to ensure that at least one member from each group is present. The members of the University Conduct Board are appointed by the vice president for Student Affairs from a pool of faculty, staff and students nominated by the Faculty Senate, Student Government Association and the Office for Student Affairs. The members of the University Conduct Board will be appointed at the beginning of the academic year and will serve for one (1) academic year. The chair of the University Conduct Board (board chair) is appointed by the vice president for Student Affairs from the members appointed to serve on the University Conduct Board. An alternate chair will be appointed by the vice president for Student Affairs from the appointed members of the University Conduct Board.

A hearing before the University Conduct Board will include the board chair and a minimum of four (4) members of the board, the accused student(s), the complainant(s), witnesses and advisors. The deliberations by the board will be conducted in private. A quorum consists of five (5) voting members. The outcome of the case is communicated to the student verbally and in writing.

University Conduct Board Pre-Hearing

All cases referred to the University Conduct Board must have a pre-hearing at least one (1) day prior to the hearing. Advisors are permitted at the pre-hearing. Witnesses are not permitted at the pre-hearing. The pre-hearing provides an opportunity for the accused student to review all written reports about the allegations and make an initial response to them. The hearing coordinator will compile a summary of the student's response for presentation at the University Conduct Board. During the pre-hearing, there will be a full explanation of:

- The hearing coordinator's role;
- Student rights in the conduct process;
- Review of the charges;
- Examination of the reports;
- University Conduct Board procedures;
- Opportunity to state case/respond to reports; and
- The date and time of the University Conduct Board hearing.

University Conduct Board Hearing Format

- 1) -At the beginning of the hearing, the accused student will be introduced by the hearing coordinator to others who are present.
- 2) -The student's understanding of his/her rights in the conduct process will be reviewed by the Board Chair.
- 3) -The accused student will be informed of the alleged violations of the Code of Student Conduct.
- 4) Incident Reports and supporting documentation will be reviewed.
- 5) All communication between the accused student, complainant, victim and witnesses will be directed to the board chair.
- 6) -The complainant/victim will be asked to describe what happened.
- 7) -The accused student will have an opportunity to respond.
- 8) -Witnesses will be asked to describe what happened, and the accused student will have a chance to respond.
- 9) -The board chair may reasonably limit the scope and time devoted to each matter or item of discussion during hearings, as well as the number of persons testifying.
- 10)-The board chair will decide the order of witnesses and when the victim and witnesses will be in the hearing room.
- 11)-The board chair and/or members of the University Conduct Board may ask questions of any accused student, complainant, victim or witness during the hearing.
- 12)-At the conclusion of the hearing, the accused student, complainant, victim, advisors and witnesses will be excused. These individuals will not be present during the deliberations of the University Conduct Board.
- 13)-After the deliberations, the decision will be communicated to the accused student, including information on the appeal process.

Substitution of Members

If members of the University Conduct Board believe they are not qualified to serve on the board for personal or official reasons, they may release themselves. A student whose case is before the University Conduct Board may not object to the membership of the University Conduct Board except for reasons of official or personal conflict of interest. The board chair will determine the validity of such objections and the chair's determination shall be final.

3) Student Organization Hearing

A student organization hearing is a hearing conducted by one or more hearing officers or, in serious cases, the University Conduct Board. A case is considered serious when it is possible that the student organization could be suspended or terminated. The hearing officer(s)/board chair will review all of the evidence and interview the appropriate members of the organization, and, if necessary, appropriate witnesses. The hearing officers will deliberate in private and make a decision about the organization's responsibility for the alleged misconduct and issue appropriate sanctions. An organizational hearing differs from an administrative hearing/University Conduct Board hearing in that (1) the organization's advisor is invited to attend the hearing and participate in the proceedings; (2) the organization's president and executive officers usually will officially represent the organization at the hearing, although additional officers and/or members of the organization may be invited to the hearing; (3) the organization will be asked to submit a written statement about the incident and its involvement that will be used during the hearing; and (4) the hearing officer(s) will determine sanctioning organizationally or individually as appropriate. The disciplinary actions that can be taken by hearing officer(s) as a result of a student organization hearing are the same sanctions outlined above.

Witness Procedures

Witnesses are permitted at hearings. Students involved in simultaneous, related judicial proceedings cannot serve as witnesses for each other. It is the responsibility of the student charged to contact the witnesses, request their attendance at the hearing and notify the hearing officer(s) of the witnesses' names at least 24 hours prior to the hearing date. Victims, complainants and the hearing officer may also invite witnesses to appear at the hearing. If a witness is unable to attend the hearing, the witness may provide a written statement, including but not limited to sworn testimony, and discuss the statement with the hearing officer before the scheduled hearing or participate in the hearing via telephone. The hearing may proceed even if all witnesses are not present. The hearing officer may limit the number of witnesses permitted to attend the hearing.

Advisor Procedures

Advisors are permitted at pre-hearings and hearings. The student charged has the right to have one advisor present, with the exception in which the student would like both parents/guardians to attend. In this case, no other advisors are allowed. Advisors can be Saint Xavier faculty, staff, students or family members. The advisor serves as a support person and is intended to provide direct assistance to the student before and during the hearing. The advisor may not speak for the student, nor address the hearing officer(s) or the University Conduct Board. The advisor may not function as legal counsel. Attorneys or individuals with juris doctorates are not permitted at the hearings. The student must inform the hearing officer of the name of the advisor(s) 24 hours prior to the hearing date.

Attendance

Conduct hearings will be closed to everyone except those persons specified in this procedure or persons whose presence at the hearing is authorized by the Office for Student Affairs.

A student who cannot attend the hearing scheduled for consideration of the case must submit a written statement to the Office for Student Affairs stating the reasons for the conflict and requesting a new hearing date. This statement must be presented to the Office for Student Affairs at least 24 hours prior to the hearing, with the exception of hearings that necessitate a more timely decision. At the discretion of the Office for Student Affairs, the hearing may be rescheduled. Only one change of hearing date and time may be granted. The final decision on the hearing date and location of a delayed hearing will be decided by the dean of students.

If a student fails to attend a scheduled hearing, the hearing may proceed in the absence of the charged student. Such an absence will not be considered grounds for an appeal.

Where two or more cases involving common occurrences or the same student(s) are pending simultaneously, the dean of students may decide to consolidate the hearing of such cases or hear them separately.

Appeals

Students found responsible for serious conduct violations may request an appeal hearing when the sanctions imposed include one or more of the following:

- suspension from University housing for more than 10 days
- termination of the housing contract
- disciplinary probation
- suspension or expulsion from the University
- postponement of conferring of honors and degrees
- suspension or termination of a student organization

Appeals are not rehearings, and they are not granted on the basis of disagreement with the original decision. The Office for Student Affairs will review appeal requests to determine if there are grounds to warrant an appeal hearing, as outlined below. At the Office of Student Affairs's discretion, one or more appeal officers may be present at an appeal hearing. For cases in which the Office for Student Affairs makes the disciplinary decision, the vice president for Student Affairs or the vice president's designee will assume the appeal role described in this section. References to the Office for Student Affairs in the appeals section shall be understood also to refer to the vice president for Student Affairs or the vice president's designee.

Appeals will be considered based only on the following reasons:

- A. - New Evidence of a Substantive Nature- New, significant or relevant evidence regarding the case becomes available after the hearing. Information is not considered new evidence if the student did not attend the original hearing or voluntarily withheld information during the original hearing.
- B. -Substantive Procedural Error- The University conduct procedures were not followed.
- C. -An Arbitrary or Capricious Finding-The disciplinary action taken can be shown to be capricious and arbitrary.
- D. -Hardship Consideration- Sanctions issued pose a significant hardship. [For hardship consideration, it is expected that the student accept responsibility for the violation(s) of the Code of Student Conduct.]

Timeline

A student has two (2) working days after receipt of written notification of a disciplinary decision to file an appeal request with the Office for Student Affairs. Failure to request an appeal within the two (2) working-day period waives the right to request an appeal. Disciplinary actions will not be implemented while an appeal is under consideration. An appeal may not be submitted for cases handled administratively.

Request for Appeal

The appeal must be typewritten and submitted with a Request for Appeal Form. This form is available from the Office for Student Affairs. In completing the form, the student is asked to make a statement explaining in detail why an appeal should be considered. Copies of any documents that will substantiate or clarify the appeal should be attached to the Request for Appeal Form. The completed form is submitted to the associate dean of students.

An administrative decision to grant or deny an appeal request will be made at the discretion of the Office for Student Affairs, which may take one of the following actions: 1) uphold the original disciplinary decision and thus deny the appeal; 2) modify the disciplinary decision; 3) refer the case for a new or partial rehearing; or 4) dismiss the charges. The appeal officer will notify the student in writing of the decision to grant or deny the request for an appeal.

In all appeal cases, the disposition of the case by the vice president for Student Affairs is final.

Alcohol Policy

Saint Xavier University students are expected to abide by Illinois State laws concerning the drinking age. When some members and/or guests of a student group, club or organization are under the legal drinking age at an off-campus event, the members of the organization and their guests are responsible for conducting themselves in accordance with University policy and with state laws. Students are responsible for following the Alcohol Risk Management Procedures for Student-Sponsored Events at which Alcohol is Served policy (see Student Handbook).

With the exception of Gilhooley's Grande Saloon, students and/or their guests may not possess, sell or consume alcoholic beverages on University property. Students may not purchase alcoholic beverages with University-approved student fees or with any other student funds that are collected and administered by a student organization or club. Violation of this policy may result in disciplinary action.

On rare occasions, students and/or their guests who are 21 years of age or older may apply for permission to possess or consume alcoholic beverages at an approved University function. Those who so wish to obtain such permission must consult with the Office for Student Affairs no later than two (2) weeks prior to the date of the event. Permission will be granted only when a series of stringent precautionary and control measures have been arranged so that those attendees who are under 21 years of age will not be served alcoholic beverages. At no time may students and/or their guests sell or effect the commercial delivery of alcoholic beverages on University property.

Saint Xavier University assumes no responsibility for any liability incurred as the result of a department's, club's or organization's violation of these rules or of any state or city law governing the use and consumption of alcoholic beverages.

Drug Policy

Members of the University community are subject to federal, state and local laws. Illinois law prohibits the possession or use of marijuana, narcotics and hallucinogenic drugs, either in the refined or crude form, except under the direction of a licensed physician or dentist. The possession, use, intention to distribute, sale or distribution of illegal drugs, controlled substances, narcotics, drug paraphernalia, or any hallucinogen without a medical prescription or appropriate authority are prohibited. Violations of these regulations may result in disciplinary action, ranging from a written statement of an official warning up to legal civil actions and expulsion from the University. Individuals convicted of unlawfully possessing or distributing illicit drugs and alcohol may face misdemeanor or felony charges, which are punishable by sanctions up to and including imprisonment.

Counseling and Treatment for Drug and Alcohol Problems

1. -Drugs and alcohol are dangerous substances that can lead to serious physical problems with all major organs. Even a single abuse of these substances can endanger lives and cause irreparable harm to self and others.

2. -Students who may have been, or are, using drugs and wish counseling may request counseling on campus or referral to outside agencies. If a student enters into a counseling relationship, it will be regarded as privileged information and be treated in a confidential manner.

An extensive list of drug and alcohol counseling treatment rehabilitation programs is available to students through the Office for Student Affairs, or by calling the Illinois Department of Alcoholism and Substance Abuse at (312) 917-3840.

The above information is provided in cooperation with the United States Government's Drug Free Schools and Workplace Act (1989).

Members of the Saint Xavier University community are strongly encouraged to report all suspected illegal drug activity on or around the University's property to the Chicago Police Department or Saint Xavier University Public Safety immediately. Suspected drug activity can also be reported anonymously to the Cook County State's Attorney's Narcotics Nuisance Abatement Hotline at (773) 869-DOPE.

Alcohol and Other Drug Program

Mission Statement

The Alcohol and Other Drug Program is an institution-wide collaboration between the Offices of the Provost and Student Affairs at Saint Xavier University. Its mission shall be to educate the Saint Xavier University community about the impact of alcohol and other drug use as it relates to academic and personal success.

In order to achieve its mission, the Alcohol and Other Drug Program has identified the following goals.

The Alcohol and Other Drug Program will:

- -Serve as a link for students to University support services.
- -Provide information to students, staff and faculty that fosters healthy lifestyle choices.
- -Design and implement programs in collaboration with other University departments.
- -Recommend changes to University policy regarding alcohol and other drugs.
- -Assess student attitudes, beliefs and values regarding the use of alcohol and other drugs.
- -Measure the outcome and effectiveness of prevention programs and activities.
- -Create an atmosphere in which alcohol use is not the central focus of social events.

Parental/Guardian Notification of Alcohol and Other Drug Violations

Like other colleges and universities throughout the United States, Saint Xavier is concerned about the use and abuse of alcohol and other drugs by our students. Consistent with our mission of

enhancing lifelong learning, fostering personal growth and developing leadership qualities, we believe it is our duty to foster a campus environment that is free of alcohol abuse and illegal drug use.

We recognize that achieving this goal will require the commitment and collaboration of many constituencies, both on the campus and in the community. We are asking parents/guardians to help us address the abuse of alcohol and other drugs by college students.

The Family Educational Rights and Privacy Act (FERPA), permits colleges and universities to inform parents/guardians of students less than 21 years of age when their student has been found in violation of University alcohol and drug policies. In line with the law, the Parental Notification Policy will enable SXU to partner with parents/guardians to assist students in making healthy and responsible decisions regarding drug and alcohol use and deterring irresponsible drinking and all drug use.

The University maintains the following policy:

The Office for Student Affairs may notify parents/guardians of students less than 21 years of age when a student is found responsible for (1) any violation of the drug policy, (2) a second violation of the alcohol policy, and (3) a first violation of the alcohol policy when one or more of the following occurs:

- -the student demonstrates a reckless disregard for his/her personal safety or the safety of others;
- -medical attention to any person, including the student, is required as a result of the student's alcohol-related behavior;
- -there is property damage;
- -the student operates a motor vehicle under the influence of alcohol;
- -the incident involves another serious violation; and
- -the student's alcohol-related behavior negatively impacts the learning environment.

Identification/Cougar Cards

A University issued identification card (Cougar Card) is required for all students taking credit courses. Cougar Cards are issued in the Office for Student Affairs, L-208. Cougar Cards are validated for use upon receipt of financial clearance through Student Accounts each semester. The Cougar Card is an official University identification card and should be carried at all times. Students are required to present this card to any official or authorized representative of the University on request. Failure to do so may result in disciplinary action. The Cougar Card is non-transferable. In addition, the possession, production or distribution of any false or altered ID cards will result in disciplinary action. Lost cards must be reported immediately to Public Safety at (773) 298-IDID. The replacement fee for a lost, stolen or damaged Cougar Card is \$10 and can be billed to a student's account.

Cougar Cards are used to access the residence halls; make meal plan purchases; for library and computer lab usage; at print release stations; to use the Shannon Center; to make purchases at the Campus Bookstore, in vending machines, copiers and laundry rooms; for check cashing (Student Accounts and Bookstore); for admittance to student activities or University sponsored events.

Students may choose to link their Cougar Card to a TCF Bank checking account to use it as a TCF Bank debit card wherever debit cards are accepted.

Hats or other head coverings except for those for religious purposes may not be worn in the Cougar Card photos.

[Acceptable Use of SXU Information Technologies Policies and Expectations](#)

Access to Saint Xavier University information technologies and communications facilities is provided for the University-related activities of learning, instruction, enrichment, dissemination of scholarly information and administration. An individual's right of access to information technologies and facilities should not be denied or in any way limited because of race, creed, color, age, national origin, gender, sexual orientation or disability. Acceptable use is an application of the core values of the University: respect, excellence, compassion, service, hospitality, integrity, diversity and learning for life.

The University community is encouraged to make innovative and creative use of information technologies and communications facilities in support of multiple learning experiences. These technologies and facilities are limited and should be used wisely and carefully with consideration for the needs of others. The University reserves its right to eliminate the access to and the services of its information and communications systems when an individual separates from the community.

It is inappropriate to interfere with or compromise access to information technologies and communications facilities by others for these purposes. It is University policy to educate users about how they could inadvertently interfere with this access, to warn users when they interfere with access, and to remove access from those who continue to interfere with the access of others. While the University expects to remove individual access only after due process and careful consideration, in those situations in which interference is general or continuous, Information Services will react immediately to provide and guarantee general access. In all cases, Information Services will collect evidence indicating interference, will present it to the area vice president or to the appropriate supervisor and will notify the suspected offender. In situations in which an individual may inadvertently interfere with the access of others, that individual is expected to identify, learn to avoid and stop the interfering behavior when it is brought to their attention by an affected user or by Information Services staff. The following is a (necessarily incomplete) list of expectations of acceptable use:

Respect the need for others to use systems to do work.

- Allow others to have normal response times and sufficient resources from the network, servers, printers and other multi-user systems.
- Never inadvertently or intentionally waste or usurp resources or access to resources such as storage space, processor time, network bandwidth, access ports or printers and other peripherals. Such waste includes excessive storage for mail messages, excessive processes and excessive network messages such as chain letters, broadcasts, downloads and file sharing.
- Conscientiously limit your use of paper and other printing resources.

Respect the work of others.

- Never copy or modify information belonging to others without explicit authorization. This includes personal information, programs authored for sale and material authored for presentation in class or elsewhere. Unauthorized duplication may constitute plagiarism, cheating, theft and/or violations of copyright. The University respects software copyrights. Unauthorized modification includes generating and transmitting viruses and other destructive programs.
- Never place files in folders for which you do not have explicit authorization.
- Check your files and folders for viruses regularly. The spread of viruses damages everyone's personal and system files and folders.
- Update and patch your software regularly to remove vulnerabilities.

Respect the sensitivities of others.

- Consider what you display on screen, what you print, and what you send using mail, just like considering how you act and what you say aloud.
- Never act in such a way that another user would feel uncomfortable accessing systems – for example, by sending or presenting harassing, intimidating, abusive or patently unwanted material to others. This includes presentation in messages, on screen and in print where others might see.

Respect the integrity of the systems.

- Never share a username and password to access information. A username should be associated with a single individual or position.
- Never use the identity of another or other methods to evade security to gain access to systems and information.
- Never conceal or misrepresent your identity or affiliation in communication.
- Never choose a password that is anyway associated with you or your name or that is in a dictionary or similar list. This information is too easy to search or generate with a program and to use to break into a system with your username.
- Never choose a simple password. Replace your password with some string of uppercase and lowercase letters and numbers.
- Never write your password alongside your username. The first letters of a five- or six-word phrase that you can remember with a digit thrown in make a good and memorable password. For instance, "To be or not to be" might be used to remember "Tb0nTb" where zero is used for "or."
- Never leave an unsecured station unattended.
- Never attempt to discover the identities, passwords and encryption keys of others.
- Never intercept or alter network packets.

Respect the equipment.

- Keep trash, smoking, eating or drinking away from hardware.
- Never damage equipment through acts of vandalism, spite, anger, negligence or overuse.

Respect the law.

- Never use systems for any purpose that violates federal or state laws.
- Never use systems for commercial purposes without explicit authorization.

Use and maintain your University electronic mailbox.

The University provides each student and each member of the faculty and the staff with an electronic mailbox (@sxu.edu) that is used as an official means of communication by and with the University. Members of the University community are responsible for the information that is sent to their University electronic mailbox and are expected to:

- Maintain their mailbox so there is sufficient space for the receipt of University announcements.
- Examine frequently the messages in their mailbox for University announcements and requests for information.
- Respond in a timely fashion to requests for information.

Members of the community should also recognize that these announcements will often point to University Web pages at www.sxu.edu for additional information and instructions. The University regularly distributes announcements through the Saint Xavier Today electronic newsletter, which is sent to all of these electronic mailboxes and posted at www.sxu.edu/today. The Saint Xavier Today Web page is updated with critical information throughout the day.

Members of the community who send messages to large groups of recipients should limit their messages to short announcements that point to Web pages with further information and instructions. This will conserve resources by not sending and storing multiple large documents and by providing a lasting copy for those who lost or did not initially get the information and instructions. All members of the community should post their announcements to Saint Xavier Today.

The University recognizes that members of its community can and may wish to forward messages from their University mailbox to another more convenient, personal mailbox. Nevertheless, it is the responsibility of the student or the member of the faculty or staff to assure that official messages are received by and examined in that external mailbox.

The University recognizes that individuals should be allowed to access, present and communicate information representing a variety of views on current and historical issues for the interest, information and enlightenment of the University community and within the concept of academic freedom. Nevertheless, because anything published through electronic resources of the University may appear to represent the views of the University and not just an individual author, it is important to explicitly recognize where the views are the individual's and not the University's. When presenting a product of the University, such as institutional Web pages and electronic mail messages, the appropriate and established language and style should be identified and used.

For your own protection, you should recognize that:

- The security of your information, while seriously attempted, cannot be guaranteed.
- The University is the owner of these systems and, therefore, of the information stored there.
- The University could, if required to substantiate instances of interference, duplicate and examine information stored on these systems.
- The nature of electronic mail, unlike other conversational media, is to record all interactions. If you don't want personal, or otherwise compromising, information found on a system, inadvertently or intentionally, don't leave it there.
- Do not send passwords with usernames or confidential and otherwise sensitive information in electronic mail messages. Use the message to point to a secure Web page where the information can be released only to the authenticated recipient. Electronic mail is, by nature, insecure.
- Do not open attachments in messages from senders you do not know.
- Do not expect that the sender in a message or a reply is actually the authentic sender of the message. Electronic mail addresses easily can be co-opted.
- Do not respond to messages that request information you normally would keep confidential, that create an urgent sense of loss, and that request an urgent reply.
- The University cannot protect individuals against the existence or receipt of text or images that may be offensive to them. As such, those who make use of electronic communications are warned that they may come across or be recipients of material they find offensive.
- Those who make information about themselves available on the Internet (through e-mail or some other means) should be forewarned that the University cannot protect them from invasions of privacy and other possible dangers that could result from the individual's distribution of personal information.

- While the University provides resources in its buildings and on its campuses, this should not be interpreted as the University sanctioning the materials developed or propagated by the individuals using those resources.

- The inappropriate access to and use of information and communications systems can in many cases result in criminal prosecution and civil litigation.

Should you have any questions or comments about these expectations and policies, please contact the vice president of Information Resources and Technologies.

Campus Lake

Lake Marion on the Saint Xavier campus serves as an attractive focal point and as an oasis in a heavily populated area. Swimming, boating, ice skating, fishing or entering Lake Marion at any time is strictly prohibited. Please cooperate in keeping the campus beautiful by not littering. Help us keep Lake Marion clean and the entire campus a pleasant place to be.

Electronic Beepers/Cellular Phones

Audible beepers/cellular phones are prohibited in classes and in the library.

Emergency Procedures 3-9-1-1 or 9-1-1

The following procedures are designed to ensure prompt and consistent response to all medical emergencies and minor injuries:

1. -Call Saint Xavier University Department of Public Safety — emergency extension 3-9-1-1. Give the nature of the injury and the location.
2. -Remain at the scene until appropriate personnel arrives.
 - a. -In the event of a minor injury, the Public Safety officers shall advise the injured party of the closest medical treatment facility.
 - b. -In the event of a serious illness or injury, call 9-1-1 to secure an ambulance; proceed to notify Public Safety through extension 3-9-1-1. Remain at the scene.
3. -An incident report shall be completed by Public Safety.

If there is any question as to the seriousness of the injury or illness, 9-1-1 should be called immediately, followed by Public Safety at extension 3-9-1-1. Give the nature and location of the injury and remain at the scene until appropriate personnel arrive.

Persons with Disabilities

All faculty and staff members are to familiarize themselves with the University's Emergency Instructions for Students with Disabilities. In the event of an evacuation, Public Safety will consult the list of locations of people with disabilities who may require special assistance, which is provided every semester by the Learning Center and Disability Services

Faculty and staff members are requested to assist individuals with disabilities to the extent possible. If it is not possible to safely evacuate a person with a disability using the ground level exit or stairwell, immediately call 3-9-1-1. If a disabled individual on the 2nd or 3rd floors is physically unable to use the stairs to exit the building, he or she should be assisted to the nearest smoke-free stairwell, enter the landing and wait inside on the stairwell landing with the door closed.

If danger is imminent, or if ground level stairway or stairwell evacuations are not practical, the person with the disability should remain in a smoke-free room with exterior windows, a telephone and a solid or fire resistant door. A piece of clothing should be hung out of the window to alert fire department personnel to the person's location.

Fire Alarm Procedures/Regulations

Fire alarm procedures and regulations are posted in each room. All persons must evacuate the building immediately upon hearing the fire alarm, using the nearest exit. You may be directed by authorized personnel to proceed to a safe designated area away from the building. You will be authorized to re-enter the building once the all-clear has been issued.

Any person caught pulling false alarms or tampering with fire-control devices will face severe disciplinary consequences and legal prosecution; tampering with fire safety equipment is a felony. All fire regulations are to be strictly observed.

Identification Cards/Cougar Card

A University issued identification card, (Cougar Card) is required for all students taking credit courses. Cougar Cards are issued in the Office for Student Affairs, L-208. Cougar Cards are validated for use upon receipt of financial clearance through Student Accounts each semester. The Cougar Card is an official University identification card and should be carried at all times. Students are required to present this card to any official or authorized representative of the University on

request. Failure to do so may result in disciplinary action. The Cougar Card is non transferable. In addition, the possession, production or distribution of any false or altered ID cards will result in disciplinary action. Lost cards must be reported immediately to Public Safety at (773) 298-IDID. The replacement fee for a lost, stolen or damaged Cougar Card is \$10 and can be billed to a student account.

Cougar Cards are used to access the residence halls; make meal plan purchases; for library and computer lab usage; at print release stations; to use the Shannon Center; to make purchases at the Campus Bookstore, in vending machines, copiers and laundry rooms; for check cashing (Student Accounts and Bookstore); for admittance to student activities or University sponsored events, and for renting GreenBikes.

Students may choose to link their Cougar Card to a TCF Bank checking account to use it as a TCF Bank debit card wherever debit cards are accepted.

Lockers

Lockers may be obtained through the Office for Student Affairs (L-208). Rental fee: \$10 per year.

Political Activities Policy

Saint Xavier University, an institution of higher education with a strong liberal arts tradition, supports open dialogue on political issues. The University reserves the right to support or oppose issues that affect its values, welfare, the University itself and/or values and welfare of higher education. The University encourages its faculty, staff, trustees, students and recognized campus organizations to participate actively in political activities on an individual basis. The policies of Saint Xavier University do not restrict the rights and privileges of faculty, staff, students and recognized campus organizations to express their opinions freely. The University is committed to preserving and encouraging a diverse point of view and political opinion.

To preserve the integrity of Saint Xavier University and to protect the neutrality of the University in political contests, the following guidelines shall apply. The provost is responsible for monitoring the guidelines.

Guidelines

1. -In order to preserve its not-for-profit (501C-3) status, the law requires that the University not participate in or intervene in any political campaign on behalf of any candidate for public office.
2. -The University shall not endorse any candidate for political office.
3. -Faculty, staff and recognized campus organizations are encouraged to conduct candidate forums prior to elections. Plans for candidate forums must be approved by the provost prior to the event. The provost's decision to approve a forum shall be guided by the principles of equal opportunity for participation and equal opportunity for presentation of opposing points of view.
4. -All address lists used by the University are considered confidential and shall not be shared with candidates or parties. Individuals may personally deliver campaign literature, but mailroom facilities are not to be used for addressing or distributing political materials.
5. -No campaign posters shall be posted in or on any of the Saint Xavier University buildings or on campus grounds prior to or during election times, with the exception of those used for historical displays or educational purposes. Tables at the Dining Room west entrance and in the faculty mailroom shall be available for campaign literature for all candidates.
6. -University buildings and grounds shall not be rented or used for political fundraising.

Posters/Flyers

Sponsoring organizations are encouraged to publicize events with posters and flyers. These signs must be approved for posting in the Office for Student Affairs (L-208). Any poster or flyer displayed off-campus must be approved by the Office for university relations, (University Relations Building). Signs may be posted only on designated bulletin boards and in the hallway between the Student Lounge and the handicapped entrance on the first floor, north side of the S-wing in the Warde Academic Center. Only masking tape may be used when posting on hallway walls in this location. Posters and flyers may not be placed on any other walls or doors. The designated bulletin boards have been placed in the following areas:

- Middle staircase between the switchboard and the Dining Room;
- North wall located at the west end of the Dining Room;
- Outside the Office for Student Affairs (L-208); and
- Main hallway of Graham School between the office and conference room.

In addition, schools, departments and organizations also maintain their own bulletin boards and should be consulted for permission to post in those locations.

Residence Halls

The University's six co-educational residence halls house approximately 790 students, together with approximately 175 students living in nearby off-campus apartments leased and administered by the University. The Residence Life Handbook, available on CD or online at sxu.edu/student_life/student_handbook.asp outlines the policies and procedures for resident students.

Room Reservations and Calendar Clearance

Student clubs and organizations wishing to reserve meeting space must do so in advance by submitting their requests through the Department of Campus Life located in the Warde Academic Center (L-103). All campus spaces including outdoor locations must be reserved through this process. The request is not considered confirmed until the Department of Auxiliary Services verifies availability and confirms the online reservation request. The status of the reservation request is normally available within 24 hours. At that time, a copy of the fully executed request may be obtained from the Department of Campus Life. This copy will act as proof of a confirmed room reservation and will be needed to place any support service orders such as food service, media service, housekeeping, etc. If the event is cancelled, the Department of Campus Life and the Department of Auxiliary Services must be notified immediately. Failure to notify Campus Life of an event cancellation in a timely manner will be documented in the student organization's file and may result in disciplinary procedures.

Because of issues of security, parking, insurance liability and the limited availability of resources, it is imperative that every event be listed on the Master University Calendar. Room setup requests must be received no later than seven days before an event. Chartwells is the sole provider of food service at Saint Xavier University. Outside catering/food is not permitted. Organizations are responsible for ensuring that campus facilities are utilized appropriately and left in a clean and orderly manner after the event. Room clean up is the responsibility of the sponsoring student organization. Charges will be incurred for organizations who damage or dirty any facility.

Sales, Advertisements and Solicitation

The sale or solicitation of merchandise or services of any kind on the Saint Xavier University grounds, or within the buildings of this institution, are prohibited at all times, except through authorized channels. This includes making personal contacts, distributing literature in University buildings and posting advertising materials on bulletin boards and in prominent locations. This applies to faculty, staff members and students acting for themselves or on behalf of any department or organization, as well as outside sales people or solicitors.

Arrangement for sales or solicitation through regular channels must be made with the Office of the Vice President for Business and Finance or the dean of students (if a student group is petitioning). Where such authorization is granted, the general policy is to require the payment of some amount to the University for the privileges accorded.

Any sale or solicitation in progress that is suspected to be unauthorized should be referred to the above offices and, if necessary, reported directly to the Department of Public Safety. Buildings and Grounds personnel will remove signs that may constitute a safety hazard or cause property damage. Individuals are responsible for any property damage resulting from the posting of signs. They also are required to remove all signs posted by the individual(s), or in their behalf, when they become outdated.

Sexual Harassment Policy

I. Purpose

The purpose of this policy statement is to reaffirm the University's commitment to provide a positive and harassment-free environment for study and work, and to specify the procedures for appropriate action when allegations of sexual harassment are made.

II. Policy

Saint Xavier University is dedicated to the pursuit of academic excellence in a context of respect, caring and justice. It is the policy of Saint Xavier University that all employees and students shall be able to work and learn in an environment free from sexual harassment. The University does not condone, nor will it tolerate, sexual harassment under any circumstances by any student, employee, vendor or contractor.

III. Definition

Sexual harassment consists of unwelcome sexual advances, requests for sexual favors and other verbal, visual and physical conduct of a sexual nature when any of the following criteria are met:

- A. -Submission to or rejection of such conduct is made, explicitly or implicitly, a term or condition of status in a course, program, activity, academic evaluation or admission decision; or
- B. -Submission to or rejection of such conduct is made, explicitly or implicitly, a term or condition of a person's employment, or is used as a basis for any employment decision affecting an individual; or
- C. -Such conduct has the purpose or effect of substantially interfering with an individual's academic or work performance by creating an intimidating, hostile or offensive environment.

Sexual harassment, as defined above, may include, but is not limited to:

- A. -Suggesting or demanding sexual involvement of another person.
- B. --Unwelcome touching.
- C. -Displaying sexually explicit objects, photographs or drawings (except when warranted for legitimate academic purposes).
- D. -Making graphic or suggestive comments, propositions, sexual gestures, obscene jokes or demeaning sexual innuendos.

The University will not accept as a defense to a claim of sexual harassment that the alleged harasser did not intend to harass.

It is not harassment of any sort for those in positions of authority to enforce job performance, standards of conduct and educational requirements in a fair and consistent manner.

IV. Administrative Procedures

An individual who believes he or she has been subjected to sexual harassment, or who has witnessed harassment, should consider informing the offending party of the objectionable conduct and should swiftly seek counsel from the director of Employee Services, a vice president or other designated Advisor.

Anyone in a supervisory capacity who has reason to believe sexual harassment may be occurring is required to report the conduct to one of the individuals named above; failure to report may subject the supervisor to discipline.

An individual wishing to make a complaint (complainant) should contact the director of Employee Services or a vice president as soon as possible after the incident or act that gave rise to the complaint. The complainant should describe the act(s) to be investigated (e.g., behavior, location, names, dates, times, circumstances, witnesses or other evidence). In the event the complainant or the accused is a vice president, the complainant should contact the president.

When prompted by a complaint, the vice president (or his/her designee) for each of the parties involved, in consultation with the director of Employee Services, shall:

- A. -Promptly and impartially investigate the complaint by reasonable means, including but not limited to, a conference with the complainant to discuss the complaint and, when appropriate, to explore options to resolve the matter.
- B. -Take corrective action, if warranted.
- C. -Inform the complainant and the person(s) accused of action(s) taken.

The complainant and/or the charged party may use existing grievance procedures to contest actions taken as a result of the complaint.

Confidentiality of the complainant and any person accused will be respected to the extent possible consistent with the University's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action.

A substantiated charge of sexual harassment against an employee or student will subject the guilty party to disciplinary action, up to and including dismissal.

Reporting sexual harassment or participating in an investigation will not reflect adversely upon an individual's employment or academic status. Any party who retaliates against another for exercising provisions of this policy shall be subject to discipline, up to and including dismissal.

If an investigation results in a finding that the complainant falsely accused another of sexual harassment knowingly or in a malicious manner, the complainant will be subject to appropriate discipline, including the possibility of dismissal.

These procedures apply to internal complaints of sexual harassment. Different procedures may apply if an external administrative charge or civil lawsuit is filed.

Saint Xavier University reserves the right to amend this policy and its procedures.

Student Employment

All timecards are due in the Payroll Office (N-102). A schedule of paydays and timecard due dates is printed on the reverse side of student timecards. No paycheck will be given to a student unless they present their updated student ID.

Traffic and Motor Vehicle Regulations

The Saint Xavier University parking and traffic regulations are intended to ensure safe and orderly parking on campus. The purchase of a parking permit is not a guarantee for a parking space on campus. The University reserves the right to amend the regulations as may be deemed necessary by the Administrative Council. During special events, certain areas may be designated as reserve areas.

Motor vehicle registration must be completed within seven (7) calendar days of the start of each semester or session. Permit hang-on tags must be affixed to the rear-view mirror, with the colored portion facing out.

5. -Loading dock parking spaces are for service personnel only.
6. -Visitors' permits may be used only by the designated person and for the time period issued. Visitors' permits may be obtained for guests by contacting Public Safety (CSC-100). Guests staying at residence halls must register their vehicle with the resident hall Public Safety desk officers after their stay has been approved by an RA. All unauthorized vehicles left on campus after 2 a.m. are subject to tow at the owner's expense. Vehicles are prohibited from parking overnight in Lot 2 (Bookstore).

BY VIRTUE OF RECEIPT OF THIS HANDBOOK, EVERY RESIDENT IS RESPONSIBLE FOR BECOMING AWARE OF THE FOLLOWING POLICIES AND PROCEDURES.

ADDENDUM

Any addenda to this handbook will be sent to each resident and become effective immediately.

Dear Resident,

Welcome to Saint Xavier University. The Residence Life Handbook outlines policies that help promote a safe and inclusive living environment.

Your residence hall experience is what you make of it. You can create your living environment (a home), involve yourself with activities and fellow residents and choose to live responsibly. We encourage you to do so, and the rewards will be great.

Sincerely,

Katy A. Thompson
Associate Dean of Students and Director of Residence Life

RESIDENCE LIFE STAFF

The director of Residence Life is a full-time professional staff member who supervises all phases of the residence halls, including the judicial process for resident students. The assistant directors of Residence Life are full-time, live on professional staff members who oversee the programming, operations and development of the residence community. The resident hall directors are part-time, live on graduate student staff members. They are available daily in their offices and can be contacted outside of posted office hours. They attend to individual needs of students, coordinating various programs to serve the residence hall community. They also oversee the general management of the halls and supervise other staff members (resident assistants). The goal of Residence Life is to create an environment that promotes intellectual and personal growth.

There are 29 resident assistants (RAs) to help reach this goal. RAs live with the residents. They are trained paraprofessionals who participate in their floor's programming and are available to help meet residents' needs. Each RA has a duty night when he/she is responsible for covering the building. The RAs are available to help the residents whenever possible.

The responsibility to create a positive learning environment also rests on the Residence Hall Association and the residents themselves. In reality, the governing and promotion of compatible community are everyone's responsibility.

The director of Residence Life has the responsibility to make all final decisions including, but not limited to:

- room assignments
- desk hours and operation, guest arrangements
- residence security, student safety and building security
- student behavior that may be damaging to the individual, other residents or the University's property
- disciplinary procedures resulting in hall probation, suspension or dismissal
- undergraduate staff selection, supervision and training
- facilities usage and program registration

RESIDENCE LIFE AND CAMPUS MINISTRY PHILOSOPHY STATEMENT

Saint Xavier University strives to create an experience of residential community living that supports the development of the whole person. To this end, the Office of Residence Life and the Department of Campus Ministry staff the residence halls.

The Office of Residence Life works to enhance the overall living experience of students who reside in University housing. Trained professionals (assistant directors and residence directors) and student paraprofessionals (resident assistants and community advisors) work to create an environment that facilitates healthy living, academic advancement and social interaction.

Campus Ministry seeks to nurture the religious, spiritual and personal growth for all students. By serving students directly in the residence halls, hall ministers and student peer ministers provide outreach and support in these areas and work collaboratively with Residence Life to further the goals of student development while in college.

Though operating from different frameworks, Residence Life and Campus Ministry live and work side by side with residents and share the gift and responsibility to create an inclusive community that fosters mutual respect and group responsibility through listening, caring and challenging resident students.

Rooted in Saint Xavier's core values and encompassing the Catholic and Mercy identity of the institution, these individuals use their talents and resources to enhanced personal, spiritual, social and educational development of students.

Effective 8/20/07

RESIDENCE LIFE OBJECTIVES

1. To involve all students in a positive living environment.
2. To develop a sense of community within the residence hall through mutual respect and group responsibility.
3. To offer individual support, advising and/or referral assistance.
4. To stimulate personal growth through leadership experiences, challenges to peer pressure and examination of values.
5. To assist students in developing social and recreational outlets by establishing constructive ways to use leisure time.
6. To personalize the student's University experience by promoting informal contacts with the University faculty and staff, and by effectively presenting information on University services, programs, policies and procedures.
7. To raise the level of educational and cultural awareness of students, to provide assistance in the learning process, and to offer opportunities for exploring academic and vocational interests.

RESIDENTS' RIGHTS AND RESPONSIBILITIES

Within the community environment of University housing, certain guidelines are necessary to help ensure the rights of every individual. To a large extent, the protection of those individual and group rights is up to the student/resident. Each resident has the responsibility as a citizen in the residence hall community to stand up for his/her own rights. Rights such as privacy, rest, cleanliness, a safe environment and a positive academic learning environment remain important to the residence life program. Residents must work with the residence hall staff, as well as peers, toward the protection of those rights by following the policies and procedures outlined here.

The Association of College and University Housing Officers International (ACUHO-I) represents 800-plus institutional members and housing officers employed by colleges and universities globally. Saint Xavier University's Department of Residence Life subscribes to and supports the ACUHO-I Statement of Student Rights and Responsibilities as adapted below.

Resident students have the right to...

- express themselves creatively within established guidelines;
- expect enforcement of the housing agreement/contract;
- direct access to staff who provide assistance, guidance and support as needed;
- host guests within established guidelines;
- equitable treatment when behavior is in question;
- enjoy individual freedoms without regard to race, sex, national origin, handicap, age, religion, sexual orientation or political affiliation;
- participate in student governmental bodies and Residence Life committees; and
- individual and group educational and developmental opportunities in their living community.

Resident students have the responsibility to...

- know and adhere to rules and regulation of the University and Residence Life;
- abide by all local, state and federal laws and ordinances;
- comply with reasonable requests made by staff or University officials;

- attend class;
- meet expected room and meal plan payment schedules;
- comply with all building closings;
- uphold building security;
- monitor and accept responsibility for the behavior of guests;
- report violations of rules and regulations to the appropriate staff;
- respect the rights of others, as stated above;
- search for solutions to problems; start with your RA, and then, if necessary, bring residence hall problems to the attention of the resident hall director; in an extreme case, problems can and should be brought directly to the attention of the director of Residence Life;
- participate actively in self-governance;
- participate in Residence Life committees as requested;
- express themselves individually or by association with groups;
- participate in conduct proceedings to determine appropriate standards of behavior; and
- contribute positively to the community by participating in educational and developmental activities.

HOUSING FACILITIES

Bike Storage – Bicycles may not be parked anywhere inside the residence halls except in a student’s room with the consent of the student’s roommate. Bicycles may not interfere with an exit from the room in the case of an emergency. Rubloff Hall is equipped with in-room bike storage.

Cable Television – On-campus halls and 10140 S. Pulaski apartments are equipped with cable TV. The standard digital cable package is available in every room. Coaxial cable is not provided. Each room is supplied with a digital converter required to transmit cable to student rooms. Students are responsible for damage or loss of the digital box and remote control. Fees will be assessed to a student’s account for damage/loss of the digital box (\$300) or remote control (\$50). Off-campus residents at all other locations must arrange their own cable service. Problems with your cable television should be submitted as a work request through CLAWS.

Children – Infants and children under the age of 10 are not allowed in any area of University housing, including a resident’s private room. University housing is not designed for family living; therefore, residents with children are not allowed visitation in University housing. The only exception to this rule is during family visit days or during the move-in or move-out process each year with the presence of the parent or legal guardian (with approval of the Department of Residence Life).

Computer Access – A University laptop loaner program is available to resident students, with printing capability and Internet access. Laptops can be checked out at the front desk of designated buildings. Guidelines for usage are enforced by the Departments of Information Services and Public Safety. The laptop computers should be used primarily for academic purposes.

Computer Services – Each hall along with 10140 S. Pulaski is equipped with connection to the Internet. Pacelli and Regina Halls have wireless Internet access that allows students to access the Internet in their rooms and common areas of the building with their personal computers or laptop computers. Wireless connections also can be made in the SXU Diner, Student Lounge, Byrne Memorial Library, Cougar Pause, Schmitt Quad, Cougar Bytes, Rhubarb’s, Pulaski Center, Graham School of Management, Learning Center, the S-wing Breezeway and Gilhooley’s. The wireless connection can be made with the “802.11b wireless Ethernet protocol” card available to order through the University Bookstore, or it can be purchased where electronics are sold. Suite-style residence rooms and 10140 S. Pulaski apartments are hard-wired with an Ethernet 10 Base-T connection that allows students to connect to the Internet in their rooms only. An Ethernet patch cable and a 10/100 Ethernet card can be purchased from any local computer store. Many computers are sold with an Ethernet port built in.

Decorating – Each student is allowed to decorate his/her room, with the understanding that no physical or permanent alterations may be made. All damages that result from the alterations will be billed to the students. When an individual student cannot be identified as responsible for the damages, damage costs are split between roommates.

Students living in on-campus suite-style rooms must abide by all of the restrictions listed below:

- Do not hang or tape anything to the walls finished with Zolitone. These are the walls with a speckled-paint finish surrounding your living room and bedroom windows.
- Absolutely no holes may be put in any wall of your room.
- All items hung on the wall must be affixed with masking tape or rubber putty.

- Do not use double-face tape (3M brand products for example) of any kind on the walls...this will peel the paint. Never use cellophane tape!
- Blinds have been hung in each room. Additional drapery of any kind is not permitted. Screens and/or window stops must remain in the windows at all times.
- Do not hang nametags or place stickers on your entrance door. Please use the board on the wall next to the room entrance.
- Do not write on any of the walls with temporary or washable markers. Please do not affix stickers to any of the walls or doors.

Doors – Corridor and suite doors that are left propped open or unlocked create a potential security breach and fire hazard. For the sake of all residents, please leave all doors closed and locked. Each residence hall and 10140 S. Pulaski is accessible at the main door with a student ID card coded for each resident’s respective room assignment.

Furniture and Equipment – Furniture may not be moved from one room to another. It is assigned to a room and must remain there. Room furniture may be arranged in any reasonable manner. Lofting of beds is not permitted. There is no storage space available in the residence halls. The University does not provide storage for any room furniture. All extra personal items and boxes must be sent home.

In the event that any University furniture or property (i.e. lounge furniture), excluding provided bedroom furniture, is found in the room or possession of a student, the student is subject to disciplinary action, including a fine per day, per item, until the furniture is returned to its proper location. Responsibility for repairing or replacing damaged furniture falls on the student, not the University, in this case.

Microwaves – Microwaves are available for use in common areas of Pacelli and Regina Halls. They are prohibited in these residents’ rooms. A microwave convection oven is furnished in each room of the suite-style halls.

Absolutely no cooking (including popping of popcorn) may be done in student rooms in Pacelli and Regina Halls or other unauthorized areas in any residence halls.

Laundry – The residence halls have coin- and/or card-operated laundry rooms. It is the resident’s responsibility to remove personal items in a timely manner. The University is not responsible for items left in the laundry rooms. If laundry machines are not working properly submit a work request through CLAWS.

Personal Property – The University is not responsible for the loss of, or damage to, personal property of the student. Homeowners’ insurance policies generally cover personal property losses of dependents at college.

Telephones – Each room is equipped with one active telephone line that provides unlimited local and nationwide long-distance calling. Students are billed \$25 per semester for this service. Use of the telephone service on campus must abide by all federal and state laws and rules of conduct of this University. In addition, the telephone service is a shared resource of the University. As such, use of the telephone service is to be consistent with any other shared resources on campus and is not to be abused or monopolized. The telephone service is to be used only for normal residential calling and not to be used for data connections or any other type of non-residential non-voice communications. Suspected abuse will be investigated, and should it persist after a probationary period, calling privileges will be terminated. What is considered abusive or excessive usage will be determined at the sole discretion of the University. Apartments at 10140 S. Pulaski are also equipped with this service and a telephone is supplied. Replacement cost for these telephones are \$400.

HOUSING PROCEDURES and SERVICES

Contract – The housing contract is a legal document. The student shall carefully read both sides of the document and retain a copy for future reference.

Class attendance – Students residing in University housing are expected to attend classes with satisfactory academic progress/persistence toward graduation.

Credit hours – Students residing in University housing must be enrolled in 12 credit hours for the entire semester. If a student falls below this mark, the student is required to submit a “Below 12 Credit Hour Form” through CLAWS to the Office of Residence Life and meet with a member of the professional staff. Students may be given a probationary term and be allowed to remain in University housing if they fall to part-time status for no more than one semester during their academic tenure at the discretion of the director of Residence Life.

Lottery – Full-time upper-level students, those who are current rising sophomores, juniors and seniors plus must select their own rooms for future terms through the housing lottery system (held during the spring semester each year). To enter the housing lottery, students must be registered as a full-time

student and be assigned to a residence hall room at the time of the lottery. In addition, to complete the reservation process students must be registered as a full-time student for the upcoming term and hold a valid Cougar Card. Students will select their room in the order designated by their lottery number, which will be distributed via @sxu.edu e-mail accounts on a designated day. The lottery number is random within the designated academic classification.

Cancellation policy – Students enrolled at Saint Xavier University who sign a future term housing contract and withdraw between the signing date and the designated drop/add date of the semester will be assessed a \$300 penalty.

Check-in Procedure – Residents who do not check-in during the designated time may forfeit their room assignment if the Office of Residence Life is not notified by calling (773) 298-3977 by 5:00 p.m. the business day following move-in. Residents who check in after their designated time of any hall opening will be fined \$25.

Early arrivals – International students and out-of-state students (students who live beyond 400 miles of the campus) are expected to move in during the designated check in dates and times. Requests for individual considerations must be made in writing to the director and submitted to the Office of Residence Life three weeks prior to arrival. Residents must abide by all rules and regulations written in the check-in forms.

No-show policy – Students who do not arrive at the beginning of a new semester within 72 hours of the designated check in time and have not made prior arrangements with the Office of Residence Life will be cancelled from housing for the current term and be assessed the cancellation penalty. Housing will not be guaranteed for the semester if the student is deemed a no-show.

Closings – The residence halls are closed during all official vacation periods including Thanksgiving break, semester break, spring break and Easter break. Residents must vacate their room during all closed periods and comply with all building closing requests which vary for each closing such as turning in room keys, removing garbage from rooms, closing windows, turning off all lights and electric equipment and locking doors. International students and students who live beyond 400 miles of campus may request to reside on campus during the Thanksgiving, spring and Easter break closed periods at a rate of \$100 for the duration of the closing to be billed to the student's account. Residents in classes the evenings of hall closings may request a check out extension at no charge. Requests must be made via CLAWS no later than 10 days prior to the upcoming break. Off-campus residents may remain in their apartments during these hall closing periods.

Semester Closing Check out Procedure

Each resident must checkout with a staff member. Check out times will be posted and a memo sent to each resident. Failure to check out with a staff member and/or turn in a room key will result in a \$50 fine in addition to key replacement costs.

End-of-Year Check out Procedure

Each resident must check out with a staff member. Before checkout, the condition of the room must be: free of all trash, tape must be removed from the walls and floor, and all furniture assigned to the room must be present.

1. All personal belongings must be removed from the residence halls at the time of check out. Items left in the residence halls become the property of the University and will be disposed of, as necessary. A removal fine may be charged for any large items left in the room at time of check out.
2. Check out times will be posted and a memo sent to each resident. Failure to check out with a staff member will result in a \$50 fee.
3. Final decisions on damage charges are assessed by the hall director once the building is closed.
4. Each resident is responsible for turning in their key at the end of each semester. Failure to return the room key at the time of check out will result in a fine of \$150.

Withdrawals – Residents who do not plan to return to the residence halls or who will graduate must complete a withdrawal form. A \$50 fine will be charged to your student account if a Residence Hall Withdrawal Form is not on file by the designated date(s). Withdrawals shall be submitted through CLAWS by logging in and choosing Residence Life from the Self-Service Options and select Withdrawal Form.

Damages – Residents will be billed for all room damages and common area damages. Billing will be made at the end of each semester.

When a student takes possession of the room, the student will receive a “Room Condition Report” on which the condition of the room and the items in it has been noted. Major changes from the move-in notations upon check out will indicate that the damage is the student's responsibility and

the student will be billed accordingly. It is to the student's advantage to check to ensure that the Room Condition Report is as specific as possible.

Damages in the public (formal and lower lounges) and semi-public areas (shower rooms and bathrooms) of the hall are charged to individuals or groups when responsibility can be established. When the individuals responsible cannot be determined, the entire hall, floor or wing is assessed for repair or replacement costs. Damage to the hallways, bathrooms, etc. on each floor will be assessed to the residents of that floor. Individual room damage is assessed to one or both roommates.

Students shall be responsible for any damage done by, and caused by, non-resident visitors. Non-students who damage University property will be subject to arrest. Their host (ess) will be held responsible for repair bills. Any damage to a resident student's personal property by either another student or a non-student is a civil matter. University disciplinary proceedings may also take place. Soliciting – The University forbids soliciting of any type in the residence halls to ensure the safety and privacy of residents. Solicitors should be reported immediately to the front desk or a staff member. Should a resident desire to sell anything, the resident shall see the director of Residence Life to make arrangements for an appropriate bulletin board campaign. Public areas may not be used for group gatherings solely designed to demonstrate/solicit for specific products.

Check Cashing Policy – The Student Accounts Office will cash checks up to a maximum of \$100.00 for resident students, who present a current ID during regular office hours. A fee of \$25.00 will be charged for any NSF check.

1. Be assigned a roommate from the Office of Residence Life.

When You Hear the Fire Alarm Sound:

1. All residents must evacuate the building. Hall staff members will make every attempt to unlock every door to make sure all residents and their guests vacated the premises.
2. Before leaving your room, make sure to feel the inside of the door first. If it is warm, stay in your room and stand by the window.

The setting off of a fire alarm for prank purposes will result in a \$500 fine and other disciplinary action. It is considered a felony to tamper with fire safety equipment.

Each suite-style room is equipped with a sprinkler system that follows fire code for the City of Chicago. These sprinklers will be activated by intense heat and will emit several hundreds gallons of water in a very short time. If a sprinkler is activated for any other reason, i.e. by an object being thrown at it or tampering with the sprinkler heads in each room, the resident(s) will be responsible for all damages that occur to the building.

Keys – Residents are provided with one copy of their room key necessary for access to their room and are not permitted to loan, duplicate or transfer the use of any key. Residents must provide picture identification to allow Public Safety to assist in any lockouts. Repetitive lock outs may be grounds for disciplinary action.

Also, a search can be conducted if the Code of Student Conduct has been violated, is being violated or is about to be violated.

2. The University will attempt to have residents present during the search, unless they agree to allow the search in their absence. Depending on the severity of the criminal offense and/or the possibility of imminent danger, a search may be conducted in the resident's absence and/or involve the Chicago Police Department.
3. A Public Safety officer and a member of the Residence Life professional staff (director, assistant director, hall director) must be present for the search.

4. All aspects of the physical search of a room and its contents will be conducted by a Public Safety officer(s).

5. A staff member of the same sex as the residents in the room must be present (e.g. in all female rooms a female Public Safety Officer or female Residence Life staff member must be present). Exceptions will be made depending on the severity of the criminal offense, the possibility of imminent danger, and/or the availability of other staff members.
